The AAA committee will met on Wednesday, April 28, 2005, 9:30 am in ML338.

Agenda:

1. Discussion of Students Petitions for Reinstatement. The committee considered two petitions for reinstatement. Both were approved; one with serious stipulations. The committee agreed that this student would not be reinstated if he ever again disregarded the committee's stipulations.
2. Discussion for a petition to erase three grades. The committee considered a student's petition to erase three grades from her transcript. The request was denied.
3. Planning for Appeals hearings. Following a request of the VCES the committee agreed to postpone the first hearing for appeals of suspension to June 2. This will give students more time to write their appeals and will allow more time for scheduling.

The committee adjourned at 10:30 am.
