The committee discussed the revised version of the student code of conduct procedures. Because no student representatives were present at this meeting, nor at any of the two previous meetings, it was decided that the students' concern regarding the use of lawyers as representatives in proceedings does not appear to be a major concern. It was agreed to remove all references to legal counsel as a reference throughout the document. After minor revisions, the document will be distributed to the Agenda Committee and to the faculty senate for a vote.

The committee adjourned at 10:15 am.
