Original Charges to the Committee

- Discuss revisions to the IU East Hazing Policy completed during Summer 2011 in consultation with IU's Office of Legal Counsel. If needed, continue revising the policy. In consultation with the AAA Committee, propose the revised Hazing Policy as a voting item.
- Present the athletics annual reports for 2010-2011 and 2011-2012.
- Review NAIA policies on the evaluation of coaches to make a final determination of whether the Athletics Committee, including faculty members, are required to develop a policy for the evaluation of coaches. Review the questionnaire that is currently used as part of the evaluation of coaches, and make suggestions as advisable.
- If intramural club sports become feasible at IU East, develop a policy for this, consulting IU South Bend's intramural club sports policy.

Report of the Committee's Activities

- The IU East Hazing Policy was approved by Faculty Senate in October 2011.
- The annual athletics budget and student athlete retention report for 2010-2011 were presented to Faculty Senate in April 2012.
- There were six athletics appeals in the 2011-2012 academic year. Four of the appeals were granted, one had conditional stipulations, and another appeal was initially denied but the student was allowed to appeal a second time mid-semester. This appeal was later granted since the student's academic standing had improved by mid-semester.
- An athletics survey was developed and distributed to the student athletes electronically in Spring 2012.

- It was discussed and determined that intramural club sports should be handled by Campus Life.

Recommendation of Charges for 2012-2013

- Review the results of the Spring 2012 athletics survey, make any necessary changes to the survey format and take action (e.g., new policies) if needed.
- Review the current format of the athletics budget and student athlete retention report and make any necessary changes to the format.
- Present the annual athletics budget and student athlete retention report for the 2011-2012 academic year during a Fall 2012 Faculty Senate meeting.

Respectfully submitted by Marsha Jance
