

Curriculum Committee Meeting
Sept. 13, 2001
Minutes

Present: Alisa Clapp-Itnyre, Peg Branstrator, Kathleen Lemna, TJ Rivard

The only issue discussed was the UFC policy (U9-2001) on bringing forward courses from the Master Course Inventory. The committee determined that, based on the policy, faculty would need to gather five pieces of information before bringing a course forward to the Curriculum Committee and finally to Senate.

To do this efficiently and consistently across the campus, the CC will need to create a policy or by-law and a for which will include the request for these five pieces of information.

Jerry Wilde and Jerome Mahaffey have brought forward courses already, but they will need to follow the procedure outlined in the UFC policy since it was passed in April of this year.
