

Curriculum committee Minutes  
Special Emergency meeting  
4-27-04

Attendees: Betsy Kirk, Alisa clap-Itnyre, Peggy Branstrator, Jerome Mahaffey, Kumara Jayasuriya

1. **Computer Literacy:** Committee likes the new Notes written by Peggy (*Computer Literacy Summary, 4-27*)
2. **ECAP request, S360:** Committee seems to agree that course should go forward as a 2 hour class—syllabus elements do not match the guidelines for 360 numbering.
3. Discussed ECAP revised requests from English (Eddy Helton). Most of our concerns and questions have been addressed and the courses will be forwarded to senate. Will suggest to Eddy that she request a change of title for L666 next fall to solve the differences between the titles of the graduate and undergraduate courses that are taught jointly.
