

## Deans Council Minutes

January 29, 2009

Present: Stroman, Sarratore, Bever, Swails, Wallace, T. Sehr, Sciame-Giesecke, Hughey, Hakes, Wellington, Hawkins, Dibie

Guest: Valcke

Kathy Valcke is trying to get a bus or two full of students to go to the statehouse for Hoosiers in Higher Education Day. She asked the deans to have their faculty pass along the information to their students. It would be great to have two busses full of students to meet and talk with our legislators.

Please send to VC Sarratore the status of your discussions with IVY Tech with deans. Also send him a brief e-mail saying where you are with your strategic plan. He would like to be able to report on that if the Higher Learning Commission asks.

It was worked out that the advising centers would be located as such:

- Arts & Sciences and Undecided advisors will stay in Arts & Sciences offices
- Assistant VC for SSA and Education and Continuing Studies advisors will be in Continuing Studies area
- Business and SPEA, Nursing and Allied Health will be in the UDIV space

Tim Sehr will be setting up budget meetings shortly.
