We are committed to maintaining a safe learning environment. As part of that commitment, Indiana University requires applicants to disclose if they a) have been subject to formal disciplinary action (including for example, but not limited to, suspension or expulsion) for academic or non-academic reasons at any high school, post-secondary institution, college or university; b) have been charged with or convicted of a crime (or a foreign legal equivalent) that has not been expunged by a court; and/or c) have engaged in behavior that causes injury to person(s) or personal property (including for example, but not limited to, vandalism or behavior that led to a restraining order against you) which resulted in some form of discipline or intervention.

A previous disciplinary action, charge, conviction, or conduct of the sort identified here does <u>not</u> automatically disqualify applicants from admission, but they do require review by the campus admissions committee. *Furthermore, the review of any behavior disclosure information provided will be conducted independently of the evaluation of your academic eligibility for admissions and will only be shared with the admissions committee and/or with other officials at IU who have a need to know as part of the behavior review process.*

PLEASE NOTE: By submitting your application to Indiana University, you acknowledge and agree that you have a continuing obligation to inform the University of any formal disciplinary action for academic or non-academic reasons at any educational institution; any legal charges and/or convictions (or the foreign equivalents) that have not been expunged by a court; and/or any behavior that causes injury to person(s) or property which results in some form of discipline or intervention. You must provide updated information to the campus admissions committee prior to class registration or class attendance, whichever is applicable. At that time, the campus admissions committee will review the information provided and may consider whether to delay or rescind your admissions.

If you answer yes to any of the questions below, you must provide a complete explanation and attach any relevant documentation.

49)* Have you been subject to formal disciplinary action or diversion program (including for example, but not limited to, suspension or expulsion) for academic or non-academic reasons at any high school, post-secondary institution, college or university (required)?   ☐ Yes   ☐ No

50)* Have you ever been arrested or convicted of a crime (or a foreign legal equivalent) that has not been expunged by a court?   ☐ Yes   ☐ No
*Also select "Yes" if you have currently pending criminal charges (or the foreign legal equivalent) against you (required).

Affirmation Statement

I understand that withholding pertinent information requested on this application or giving false information on this application will make me ineligible for admission or will make me subject to cancellation of admission if admission has already been granted or dismissal if already enrolled. I certify that all statements on this application are correct and complete, including a report of possible college credit and criminal or disciplinary history as described in the instructions on the application for admissions. I understand that providing false information could also impact the classification of tuition residency status for fee-paying purposes and scholarship eligibility. I give my permission to officials at all institutions I have attended to release information needed by the university to substantiate statements I have made on this application. I grant Indiana University permission to investigate my criminal or educational disciplinary background if necessary. I understand that all official documents submitted with the application remain the property of Indiana University and will not be returned or forwarded to another college or university.
