Please note that the deadline to submit completed applications is November 2, 2012. This program offers U.S. citizen undergraduate and graduate students the opportunity to participate in **10-week, unpaid internships** that provide intensive educational and professional experience within the environment of America's principle foreign affairs agency. The unpaid internships are available at many of the over 265 U.S. embassies, consulates and missions to international organizations around the world, as well as at the Department of State in Washington, D.C. and other locations throughout the U.S. Participants gain first-hand, hands-on experience, and learn the realities of working in – and with – Foreign and Civil Service professionals who are at the forefront of America's diplomatic efforts.

As a Student Experience intern, you may have the opportunity to:

- Participate in meetings with senior level U.S. government or foreign government officials;
- Draft, edit, or contribute to cables, reports, communications, talking points, or other materials used by policy makers in furthering U.S. foreign policy objectives;
- Help organize and support events, including international and/or multi-lateral meetings and conferences on critical global issues;
- Contribute to the management and administration of the Department of State and America's foreign policy; and
- Engage directly with U.S. or foreign audiences to promote U.S. foreign policy and improve understanding of U.S. culture and society.

So consider spending your summer 2013 with the U.S. Department of State, witnessing and participating in the formulation and implementation of U.S. foreign policy, working closely with the U.S. diplomats and civil servants who carry out America's foreign policy initiatives. You'll not only have an experience of a lifetime, you may even earn educational credit. Applicants who are selected for a U.S. Department of State Student Experience can contact the selecting bureau, or the central Student Programs office, if they require further details about the program to support their request for academic credit.
