Patricia Ann Vance

Kathy McKew

Jane Lynn Vollmer

Mary Waechter

CREED

TO stand for respect, honesty, loyalty to my profession, my employer, my patients and myself.

TO expect difficulties and to surmount them; to believe in my profession -- its aims and ideals; and to endeavor to enlarge its scope of realism.

TO be true to myself and my Creed in the face of all obstacles and opposition and to aim always for something higher than my own natural selfish desires.

TO further blazon the trail of understanding, knowledge and higher standards for those who follow in my footsteps.
