Workflows client is available for use.

Also, both IUCAT and IUCAT Classic will be offline during the upgrade. For this reason, access to search & browse, requesting, and patron My Account information will be unavailable. During the downtime, call number and location information will be available via guest access to IU Bloomington's OneSearch@IU. More information about IUCAT & IUCAT Classic during the upgrade is available at <https://libraries.indiana.edu/iucat-unavailable-december-26-30-2015>. A banner message announcing this downtime has been added to both catalog interfaces.

A systemwide testing team led by Amy Bailey at IUB has ensured that the new version has been thoroughly tested across all functional units within the Libraries for the SirsiDynix Workflows client.

Key dates to keep in mind regarding the upgrade are as follows:

- December 18-25 - Plan to have your excess circ returns and any other processing in SD Workflows finished by 6pm Dec 26.
- December 26-30 - Production Upgrade Window: Workflows client unavailable, manual circulation, no My Account services for patrons, IUCat and IUCat Classic unavailable (use OneSearch@IU)
