### **Inaugural Libraries PA Retreat**

The inaugural IUB Libraries PA Retreat was held Tuesday, June 10, 2008 at the Wells House. Lunch was provided by Panera Bread. Dean Steele welcomed the group and we had a short get acquainted period.

The program was presented by Kathy Bayless, Chris Arvin, and Joellan Muyskens from the Recreational Sports Division of HPER. They spoke about the physical portion of the wellness model and how activity and nutrition plays an important role in staying well physically. Chris introduced some flex exercises and Joellan demonstrated some stretch and relaxation exercises that can be done at the work area.

This was a very good first step towards strengthening the PA group and building community within the group. There were 25% of the Professional Staff in attendance. Planning for next year's retreat should begin early in fiscal year 2009. Please let a PA Council officer know if you are interested in being on the committee.

Tours of the winery, wine-tasting, and cheese-tasting will all be available for your enjoyment along with the company of your fellow wine & cheese-loving librarians. Bring a friend - maybe someone who would be interested in either joining InULA or learning about our scholarships and professional funding opportunities. Information and membership forms will be available for you to peruse as you munch, sip, and chat!

Please be sure to RSVP to Julie Hardesty ([jlhardes@indiana.edu](mailto:jlhardes@indiana.edu)) if you plan to attend and if you plan to bring a guest. We need to know how big to make the cheese platter!

### **SirsiDynix Acquisitions Unavailable During Rollover to 2009**

SirsiDynix rollover of acquisition records to fiscal year 2009 will commence the last full week of June. To accommodate rollover, we ask that you not work in the Acquisition or Serial Control module of WorkFlows beginning June 24. A notice will be sent to all library staff when rollover has been completed. All work with orders, funds, and vendors, including display mode and read-only access should cease during rollover. Cataloging is not affected by rollover. Serials check-in should cease. A document that identifies the specific activities not allowed during rollover is available on the intranet at

<http://www.libraries.iub.edu/intranet/materials.php?mt=procedure&Id=527> .

Normal activity is expected to resume on Tuesday, July 1.

Please plan your work so that you will not use SirsiDynix acquisitions beginning June 24. With your cooperation, we look forward to another quick and successful rollover.
