# OVPIA's Role Within IU

# IU's Global Engagement

# Office mission

- To provide strategic leadership in advancing the international dimension of teaching, research, and service across the university
- To support the academic and administrative units with resources and expertise that will enable them to achieve their international objectives
- To ensure that international activities are conducted pursuant to regulatory requirements and best practices

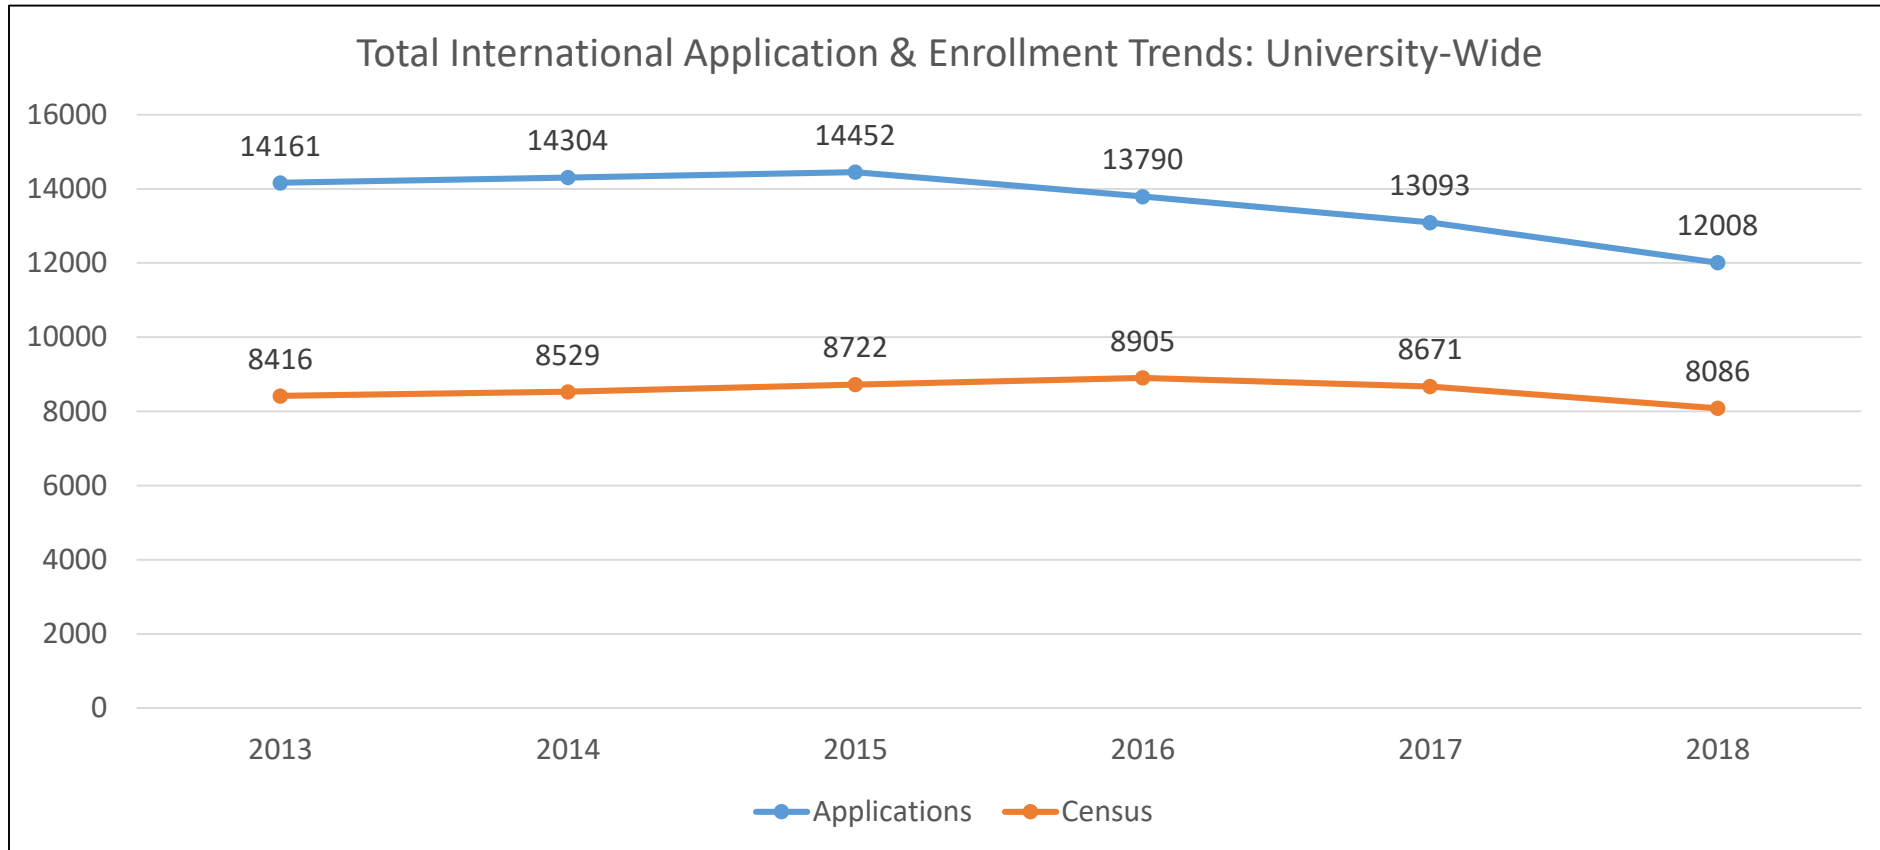

# Looking Ahead

# Current challenges

1. Changes in immigration laws and policies
2. Concern overseas about safety and overall climate in the United States
3. Changes in student mobility flows
4. Challenges relating to educational access and equity
5. Geopolitical situation, particularly as related to China

# International Enrollment

# Opportunities

1. Faculty exchange programs
2. Faculty funding
  - Overseas conference grants
  - Overseas study program development grants
  - International short-term visitor grants
3. Global gateway offices
4. <https://global.iu.edu/resources/faculty/research.html>

# Strategic Plan 2024

- Responding proactively to the changing geopolitical environment
- Articulating IU's role with respect to the state's international priorities
- Establishing a framework for more effective communication of IU's global impact

**INDIANA UNIVERSITY**  
FULFILLING *the* PROMISE
