Subject: Admissions Committee 2006 Report

Date: 10 April 2006

From: Marcia Gillette, for the Faculty Senate Admissions Committee

In the 2005 -2006 academic year the Indiana University Kokomo Faculty Senate Admissions Committee conducted the following business:

- In July, 2005 we evaluated petitions submitted by two doubly-dismissed students requesting readmission for Fall 2005. Of those two students, only one appeared for his scheduled interview. The committee granted his readmission. The second student made no further contact with the committee. There were no applicants for readmission for Spring 2006.
- With the help of Vice Chancellor Jack Tharp and Jackie Kennedy-Fletcher, the Admissions Committee developed a statement defining the deadlines for admissions of first-time undergraduate students to Indiana University Kokomo. The policy was approved by the Indiana University Kokomo Faculty Senate at the January 26, 2006 meeting.
