

*Commencement*  
**1980**

---

*Indiana University South Bend  
Fourteenth Commencement  
Tuesday, May 13*

---

*THE STAR-SPANGLED BANNER*

O say, can you see, by the dawn's early light,  
What so proudly we hail'd at the twilight's last gleaming?  
Whose broad stripes and bright stars, thro' the perilous fight,  
O'er the ramparts we watch'd, were so gallantly streaming?  
And the rockets' red glare, the bombs bursting in air,  
Gave proof thro' the night that our flag was still there.  
O say, does that Star-Spangled Banner yet wave  
O'er the land of the free and the home of the brave?

*HAIL TO OLD I.U.*

Come and join in song together,  
Shout with might and main;  
Our beloved Alma Mater,  
Sound her praise again.

*Chorus*

Gloriana, Frangipana,  
E'er to her be true;  
She's the pride of Indiana,  
Hail to old I.U.!  
—Joe T. Giles, '94

*AULD LANG SYNE*

Should auld acquaintance be forgot,  
And never brought to mind?  
Should auld acquaintance be forgot,  
And days of Auld Lang Syne?  
For Auld Lang Syne, my dear,  
For Auld Lang Syne,  
We'll tak' a cup o' kindness yet  
For Auld Lang Syne!

# Commencement Ceremonies

*The audience is requested to remain until the conclusion of the ceremonies.*

The exercises of the fourteenth annual commencement are enacted today at Indiana University at South Bend. The counterpart of the pageantry enacted each year on campuses all over the world, it is the solemn climax and recognition of the graduates' years of study and preparation for responsibility.

To help spectators understand the significance of the ceremony, the following description is furnished:

## **PROCESSION**

Leading the procession is the Grand Marshal, bearing the ceremonial Mace, emblematic of the authority of the State and the University. He is attired in a white brocade gown with panels trimmed in red velvet and a gold I.U. seal. He wears a white brocade cap with gold metallic tassels and a gold satin shoulder sash with gold tassels. Other marshals wear satin shoulder sashes of various colors and designs.

Led by the marshals, the candidates march behind the identification banner of the respective divisions which recommend them for their degrees. They are:

The Division of Allied Health Sciences  
The Division of Arts and Sciences  
The Division of Business and Economics  
The School of Continuing Studies  
The School of Dentistry  
The Division of Education  
The Division of General and Technical Studies  
The Division of Music  
The School of Public and Environmental Affairs

As the candidates reach their seats, the members of the faculties of Indiana University at South Bend march in, wearing the colorful hoods of the colleges and universities from which they were graduated. The climax of the processional is the platform party which includes a Trustee of the University, Deans and other personnel of the University, and finally the President of the University. As his badge of office, the President wears a jewel, emblematic of the history of the State and of the University.

Trustees of the University can be identified by their red gowns, which have red velvet panels and cream velvet chevrons on the sleeves and a cream seal of the University. They wear black caps with gold metallic tassels.

## **ACADEMIC ATTIRE**

All candidates for degrees and those who hold these degrees, including University officials and faculty and visiting dignitaries, are attired in traditional cap and gown. The basic color for most caps and gowns is formal black, except for the associate degree candidates, who wear gray caps and gowns. However, recipients of different degrees wear distinctive tassels on their caps (called mortarboards) and hoods of various hues draped down the backs of the gowns.

## **CAPS**

Candidates for degrees wear the regulation caps with the tassel colors appropriate to the School or Division from which they are being graduated. The authorized tassel colors are:

Allied Health Sciences—Kelly Green  
Arts and Sciences—White  
Business—Drab  
Continuing Studies—Silver  
Dental Hygiene—Lilac

Education—Light Blue  
General and Technical Studies—Red and White  
Music—Pink  
Public and Environmental Affairs—  
Peacock Blue

### **GOWNS**

The bachelor's and associate's gowns have a closed front and long, pointed open sleeves. The master's gown has an open front with extremely long, closed sleeves, from which the arms protrude through a slit at the elbow; the end of the sleeve is square, with an arc of a circle just above the bottom. The doctor's gown is an open-front garment with voluminous bell-shaped sleeves on which appear three velvet bars, usually black, but sometimes blue for philosophy or green for medicine.

### **HOODS**

The bachelor's hood is rather short with a narrow velvet edging in the color matching the tassels and a lining in the color or colors of the institution—crimson at Indiana. The bachelor's hood is not worn by candidates for this degree, except by those upon whom the baccalaureate degree has previously been conferred.

The master's hood is considerably longer, has a wider velvet edging, and exposes more of the lining.

The doctor's hood is easily recognized by the width of the velvet edging, the wide panels at either side, the greater length, and the full exposure of the lining. The colors of the edging most frequently seen are blue for philosophy, green for medicine, and purple for law; the colors for the honorary doctor's degrees are purple for law, white for letters, and golden yellow for science.

### **HONORS**

Students who have been tentatively accepted as honor degree candidates are entitled to wear the fouragères, cream and crimson cords worn from the left shoulder, during the Commencement Ceremony. Those with cream and

crimson cords indicate highest distinction, those with cream cords only indicate high distinction, and those with all crimson cords indicate distinction. Honors are awarded by a vote of the various faculties, and the forragères are provided by the University.

The appropriate recognition is recorded on the individual's diploma as a permanent testimonial of achievement.

### **SYMBOLS**

Traditional in all formal ceremonies of Indiana University are the Mace, symbol of authority; the Jewel of Office, emblematic of the Office of the President; and the Collar of the Jewel of Office. The first is carried in the academic procession by the Grand Marshal, and the last two are worn by the President. In design and ornamentation they represent significant events in the history of the state of Indiana and of the University.

These treasured symbols were presented to the University by its chapters of the Miami Triad in celebrating their centennials. The Jewel of Office was presented by Beta Theta Pi in 1945; the Mace by Phi Delta Theta in 1949; and the Collar of the Jewel of Office by Sigma Chi in 1958.

**THE HISTORY OF ACADEMIC ATTIRE**

Academic costume of today has a history of nearly eight centuries. In medieval Europe, all townspeople—men and women—wore long, flowing robes and gowns. The materials and colors varied according to the wealth and rank of the individual and were governed by royal decree. Gradually, there developed distinctive gowns for the various professions, trades, and guilds.

Students in the medieval universities of Paris, Bologna, Oxford, and Cambridge organized themselves into guilds. Their usual grab, a long gown, was necessary for warmth in the unheated buildings. Scholars, generally members of church orders, wore these robes and also hoods to protect their shaved heads. Later, skull caps were worn on the head and the hood became a cape which could be pulled over the head in unpleasant weather. As additional universities were founded, distinctive forms of the gown and hood were adapted by their faculties for bachelors (apprentices of arts), masters (teachers), and doctors (teachers who had completed post-graduate studies). The variations appeared mostly in the hood and were regulated by strict rules. Tailors who departed from the authorized design could be punished. When caps and hats came into fashion in the fifteenth century, the hoods became ornamental, draped over the shoulders and down the back.

The academic hat was adapted from the headdress of the ordinary people. It was first worn as a symbol of the master's degree and existed in various forms. Some caps were stiff, some soft, some square, some round with a tuft in the center. The tassel of today is an elaboration of the tuft. The mortar board style comes to us from Oxford.

When academic costume came to America in 1754, styles were quite varied. In Europe they still are; however, in our country, usage has been standardized by the Intercollegiate Code of Academic Costume.

# Indiana University at South Bend

In 1922, Indiana University scheduled its first classes in the South Bend area, primarily to help local teachers meet licensing requirements. During the depression of the 1930's Indiana University recognized the need to provide a broader range of higher education opportunities in home communities; as a result, the South Bend-Mishawaka Extension Center was established to offer a basic two-year program. Administrative offices were located in Central High School, and classes were offered during late afternoon and evening hours in the school and in the downtown YWCA.

After a decline in attendance during the war years, returning veterans contributed to a post war enrollment rise which launched the Center into a major period of growth. In the late 1950's, a site adjacent to the St. Joseph River in South Bend was acquired for a new campus with the help of South Bend officials, organizations, and individuals.

In 1961, the move was made into the first new facility, Northside Hall. A second building was acquired in 1966, and a third structure was completed in 1969. A major addition to Northside Hall opened in 1972. In 1975, Indiana University purchased from Associates Corporation of North America land and property that will almost double the size of the South Bend campus. IUSB began using some of these properties in 1977.

During the 1960's the Center experienced a major period of development, emerging as a comprehensive, degree-granting institution. In 1963, it became a regional campus, and soon afterward the first four-year degree programs were authorized. In 1967, the first seniors to graduate from the South Bend campus received their degrees. The following year, the Campus became Indiana University at South Bend, a title indicating another new level in its academic development and status within the Indiana University system.
