**RESOLUTION TO APPROVE SURVEY FOR INSTALLATION OF LOW-RESOLUTION  
CAMERAS IN SRSC AND HPER**

- 1   **WHEREAS**, Many members of the Student Body use the HPER and SRSC on a regular basis, and;  
2  
3   **WHEREAS**, The workout areas, basketball courts, and cardio circuits of these two facilities are often  
4 crowded, and;  
5  
6   **WHEREAS**, Students may benefit from the installation of low resolution web cameras in high traffic  
7 areas of the aforementioned facilities that would show the current usage of these facilities, and;  
8  
9   **WHEREAS**, These cameras could be linked to the IUSA website so that students could view the usage of  
10 these facilities before going to work out, and;  
11  
12   **WHEREAS**, The Director of IT at Recreational Sports has indicated a willingness to submit a proposal  
13 that these cameras be installed at no cost to the IUSA;  
14  
15   **THEREFORE LET IT BE RESOLVED**, That the student body congress approve the Student Services  
16 Director to conduct a survey of students who use the HPER and SRSC to gauge student interest in  
17 installing such cameras, including any concerns they may have, and;  
18  
19   **LET IT BE FURTHER RESOLVED**, that if 75% or more of students surveyed indicate that they would  
20 not have significant concerns about the installation of cameras, this resolution gives the implicit support of  
21 the Student Body Congress for the Director of Student Services to pursue the submission of a proposal  
22 through the Recreational Sports IT department for the installation of such cameras.
