

**Amendment to the Trustees Teaching Award**

- (a) “The Trustees Teaching Award (TTA) honors outstanding teaching during the previous academic year. Awardees and review committees (e.g., P&T committees) should not construe that a TTA is sufficient evidence of sustained teaching excellence. Rather, a TTA represents one piece of evidence to include in the teaching section of a P&T or promotion dossier.”
- (b) To induce broader participation, we ask that the UFC resolve that a waiting period of 2 years before awardees are again eligible.
