I wish my program had an internship. I would like to work with other students on class projects. I wish my classes covered more diverse perspectives.

Tell us how you REALLY feel.

We're listening. The National Survey of Student Engagement (NSSE) is your bridge to making real changes on campus. More internship and service-learning opportunities, better ways to work on capstone and class projects, a curriculum that represents broad perspectives—these are just some of the kinds of improvements that can be made using your feedback from the NSSE survey. Freshmen and seniors will get the survey e-mail in mid February.
