Academic Affairs Committee
End of Year Report: 2007-2008
July 17, 2008

Business completed by the 2007-2008 Academic Affairs Committee includes, but is not limited by, the following milestones:

Investigation, review and recommendations of over 162 student and faculty-generated petitions.

In collaboration with the Registrar's Office, the development of an open letter to students in hopes to further streamlines student-generated appeals.

Review and approval to generate a proposal to lengthen the automatic withdrawal timeline. This proposal is to be finalized early Fall, 2008.

Developed & finalized a decision-making guideline to assist new members coming to the committee.

This committee was a dedicated, hard-working group who was committed to ensuring that the high levels of academic integrity that is inherent to our institution be upheld, while at the same time considering the unique needs of each student. It was a pleasure and honor to work with them.

Members of the 2007-2008 Academic Affairs Committee are as follows: Faculty: Teresa Dobrzykowski, Brenda Knowles, Raj Kohli, April Lidinsky, Gwen Mettetal, Paul-Brian McInerney, James M. VanderVeen; Student Representative: Ivan Blount; Registrar's Office: Cathy Buckman & Terri Langel.

Respectfully submitted,
