

# **Multicultural Student Organization**

## **Mission Statement**

The Multicultural Student Organization (MSO) is dedicated to celebrating the beauty of culture and diversity within a world of disappearing borders by engaging students in activities which embrace various cultural aspects of the student population, the community, and the world. The MSO encourages education, awareness, and understanding among all people, not only by encouraging students to learn about cultural aspects of other people they may encounter, but also by encouraging students to embrace and share their own cultures. The MSO provides information about available assistance for international students, supports foreign study for domestic students, acts as a liaison between the university administration and students, promotes programs and communication forums which bring social awareness to cultural similarities and differences among people, encourages the incorporation of multicultural issues and history within the university educational system, and sponsors culturally based entertainment and events to bring the world to Indiana University students in Kokomo, IN.
