From Dmitriy Chulkov and the Research Affairs Committee

“Please mention that the guidelines for the Distinguished Research Award have been streamlined, and the funding for the award has been increased. The Chancellor and the VCAA Office made this possible. Hopefully this will lead to increased applications and additional emphasis on research at our campus.

New award guidelines link:

Also, please announce that the due dates for the Summer Faculty Fellowship (Sept 15), URSI and Grant-in-aid (Oct 15) are coming up. We need to promote our research support resources.”
