****Reorganization in Acquisitions Division at IUB***

We are happy to announce a slight reorganization inside the Acquisitions Division. Effective 8/1/01, we are realigning some reporting lines. The biggest change affects serials receiving. Currently serials receiving is part of the Accounting/Receiving Unit and reports to Kay Martin. Effective 8/1 serials receiving will merge with Electronic Resources and report to Pam Owens. The majority of Pam's time will continue to be spent dealing with Electronic Resources. But she will be the supervisor for the staff doing serials receiving. This plan will take advantage of Pam's many year's experience with serials material. Her job will be supervisory only and Hans Van der Genugten (see other IUL news article) will handle the day to day questions and responsibilities. We are in the process of updating the contact lists on our Web site. Please join us in thanking Kay Martin for her good work in the past and in congratulating Pam Owens on her new responsibilities.
