CHEM-C 117 PRINC OF CHEM & BIOCHEM I (3 CR)

C117 : For departmental consent send request to chempreq@indiana.edu
 Students considering a chemistry or biochemistry major are strongly encouraged to enroll in this section. The smaller class size will allow more student-instructor interaction through in-class discussion, writing activities, individual feedback, and short answer problem sets and exams. Note that this is not an honors section (honors version of the course is S117); the curriculum and textbook are the same as for other C117 sections.

FUNDAMENTALS (030)**FINA-F 100 FUNDAMENTAL STUDIO-DRAWING (3 CR)**

Fine Arts Studio: Students requiring an authorization should first speak to the instructor of the course. Students should note that some classes require a portfolio review in order to receive authorizations. Authorized students must still take action and register for a course. Students registered for the following courses who do not attend the first class or contact the instructor may lose their place in the course. If the class is full, students should add themselves to the electronic Waitlist and either attend the first class or contact the instructor. Electronically Waitlisted students who follow these procedures will be given priority for admittance into the course. It is the student's responsibility to monitor waitlists and adjust his/her schedule. Students added to the course via the electronic Waitlist who have not attempted to contact the instructor may be asked to reschedule

	This class will begin the week prior to the official start of classes for the Fall semester. In addition to attending this class once a week, participants will also be expected to observe 6 weeks of the associated undergraduate elementary methods courses (E 343 and E 328) and 2 weeks of the M 201 field experience. These observations will begin the 2nd week of classes and will end around IU's fall break. There are five sections of each class available to choose from each week. Some of these observation hours will count towards class contact time so the final meeting day for this class will be adjusted. Further information regarding the modified class schedule will be shared in the syllabus the first day of class. For science education doctoral students this course can count towards one of the two methods courses required for your program of studies. Above class requires permission of Department

M 100 : Exploration of a major issue in current Biomedical Science, using analysis of the most recent scientific literature, and interpretation of contemporary research data. Readings and lectures are supplemented by whole-class and small group discussion and by frequent written assignments.

TOPIC : Diseases Past and Present

This course explores the history of disease from antiquity to the present through a multidisciplinary approach, with special emphasis on medicine, human biology, archaeology, biological anthropology, history, and the arts. The class will incorporate information from from popular film, news articles, and scientific research in order to explore the extent to which disease in the past informs current medical progress and how health is perceived by the media and by the general public.

	F 450 : Students in the above class should be aware that a flexible schedule is required when scheduling coachings with their faculty coach. Students must attend the Chamber Music course meeting held in the first week of classes to find out important information regarding group sign-up and placement auditions. Time and location of the meetings will be announced to enrolled students and will be posted on the chamber music website at HTTP://TINYURL.COM/NQWQRQM . All members of the group must be enrolled in MUS-F450 or F550, unless making up an incomplete. Students must obtain the permission and signature of a faculty coach for their group and receive seven coachings, performing at least once in a public setting. Groups that are unable to find a chamber coach will be assigned to a faculty member by the Head of Chamber Music. Visit the above chamber music website for further details on guidelines and required paperwork or email chmusic@indiana.edu with questions.

MUS-X 70 UNIVERSITY CHORAL ENSEMBLES (2 CR)

X 70 : All choral ensembles meet daily from 2:30 to 3:50 pm, or 4:00-6:00 pm. Students enrolled in MUS-X 70 must keep all afternoons free during these designated time periods until receiving an ensemble assignment following choral auditions

Choral assignments for the entire school year are based on auditions held the week before classes in the fall semester. If you did not audition at that time, you must audition on the first day of classes in the spring semester. Please schedule an audition through Canvas; see link on Choral Department website. If you auditioned in August, you do not need to re-audition in January

For a complete list of choral ensembles, rehearsal dates, and times, please refer to the Choral Department website at <http://tinyurl.com/q9w6hkk>. This information is also posted outside MA052. There may not be openings in all ensembles in the spring semester if you did not audition in August
