Dear Colleagues,

Please read the message below and take a moment out of your busy day to respond to the brief survey our new Library Director and his fellow librarians and staff have put together. Your responses will allow them to be responsive to your learning objectives and preferences as they move ahead to reshape a portion of the Library into an Information Commons. Thank you for your cooperation.

Hello. The Indiana University Kokomo Library Information Commons is only three months old, and has proven to be very successful. So successful, that we are now planning to expand it. I am asking you to help the Library and Department of Information Technology in planning for this expansion by taking a few moments of your busy schedule to complete the enclosed, short survey. The information you provide here will help us in our planning process to create an environment to meet faculty needs.

Just click on the following URL and it will take you directly to the survey.

Please complete the survey by November 24. Thank you for taking the time to complete this survey.
