

INDIANA UNIVERSITY

Transfer of Credit from Two-Year Institutions

(By action of University Faculty Council: March 27, 2001)

The UFC-EPC has drafted a policy address the problem of courses from 2-yr. institutions transferring to IU campuses at the 300-level. The policy is meant to ensure that transfer students do not receive credit at inappropriate levels, and that we do not create opportunities for 2-yr. institutions to offer courses beyond their basic mandate transferable to IU.

The text of the policy is as follows:

Credits earned at undergraduate institutions other than Indiana University in courses at first or second-year levels (100/200-level courses or courses completed in two-year institutions) and transferred for IU credit may not be recorded as equivalent to IU course credits at advanced (300/400) levels, or applied to degree requirements normally fulfilled only by advanced level course credits.
