Above class designed to help you prepare for upper-level Biology courses. Therefore, class time is used for collaborative, active, and inquiry-based activities meant to deepen your understanding of course topics and to provide practice in disciplinary thinking (e.g., visualizing biological processes, making predictions, drawing conclusions from data, and reading and analyzing scientific publications). Because students learn and retain information best when they are actively engaged during class, the structure of this course is flipped relative to that of a traditional classroom. There will be two, highly interactive, required class meetings per week. Before each class, you will view recorded lectures, participate on Canvas discussion board, read textbook and complete textbook-related online activities. Your out-of-class studies will be guided by video outlines and/or question banks. Our weekly three-hour sessions will include individual quizzes, team-based quizzes, team-based activities, and whole-class discussions. Above class meets online and on campus

MATH-M 211	CALCULUS I (4 CR)								
	M 211 : The Indiana University Math Department is proud to announce that it will again be offering an online Version of Calculus I (MATH-M 211) for credit during the first Summer Session of 2017. Students not currently enrolled at IU full time may register for the class by first enrolling as a non-degree student through the Office of Admissions. All exams will be taken through pre-approved proctoring arrangements (local faculty proctoring, certain testing centers, etc...) in order to eliminate the need to travel back and forth to campus. Anyone with questions regarding the course may contact the Director of Undergrad Studies, Jee Koh, at kohj@indiana.edu
