The Brownbag is back!

A special thanks to **Alex McCormick** for leading our first Brownbag in the *Research & Issues in Higher Education Series!* (held on March 20th)

In his discussion, *Institutional accountability and transparency: What are the issues?*, Alex talked about the heightened policy attention to accountability and transparency, the natural tensions between diagnostic information and public reporting, and the challenges and opportunities this creates for the NSSE project

STAY TUNED!

The next brownbag will focus on different ways to prepare for qualifying exams, whether you are taking them this summer, or not for a while longer!

Be prepared and make the most of your Doctoral Experience at IU!
