DINING

Grab tasty and healthy meals and snacks in the cafe throughout the day. Optional meal plans make dining even more affordable.

HOUSING

You'll want your own space and there are lots of privately owned options just a short walk from campus.

+ MORE

While we doubt you'll run out of things to do around here, campus is only an hour drive to Indianapolis and three hours to Chicago.

Close to home or worlds away. Find your community, your city and your place in the world at IUK.

Concerts in the park. First Fridays downtown. Holiday lights. **Baseball games.** Hiking and biking on the Industrial Heritage Trail. **Art museums.** Catching a movie. **Putt putt** and go carts.

On campus or off...there is always something to do.

mix + MINGGLE

We know you're going to **work and study hard** at IUK. But, college is supposed to be fun, right? If a mechanical shark and belly dancing classes and tie dying and basketball games sound like a good time to you, **we've got you covered.** You'll also have the chance to learn and laugh with all kinds of speakers, comedians, and performers who come to our campus all the time. **And did we mention all of this is free?**

CHILL

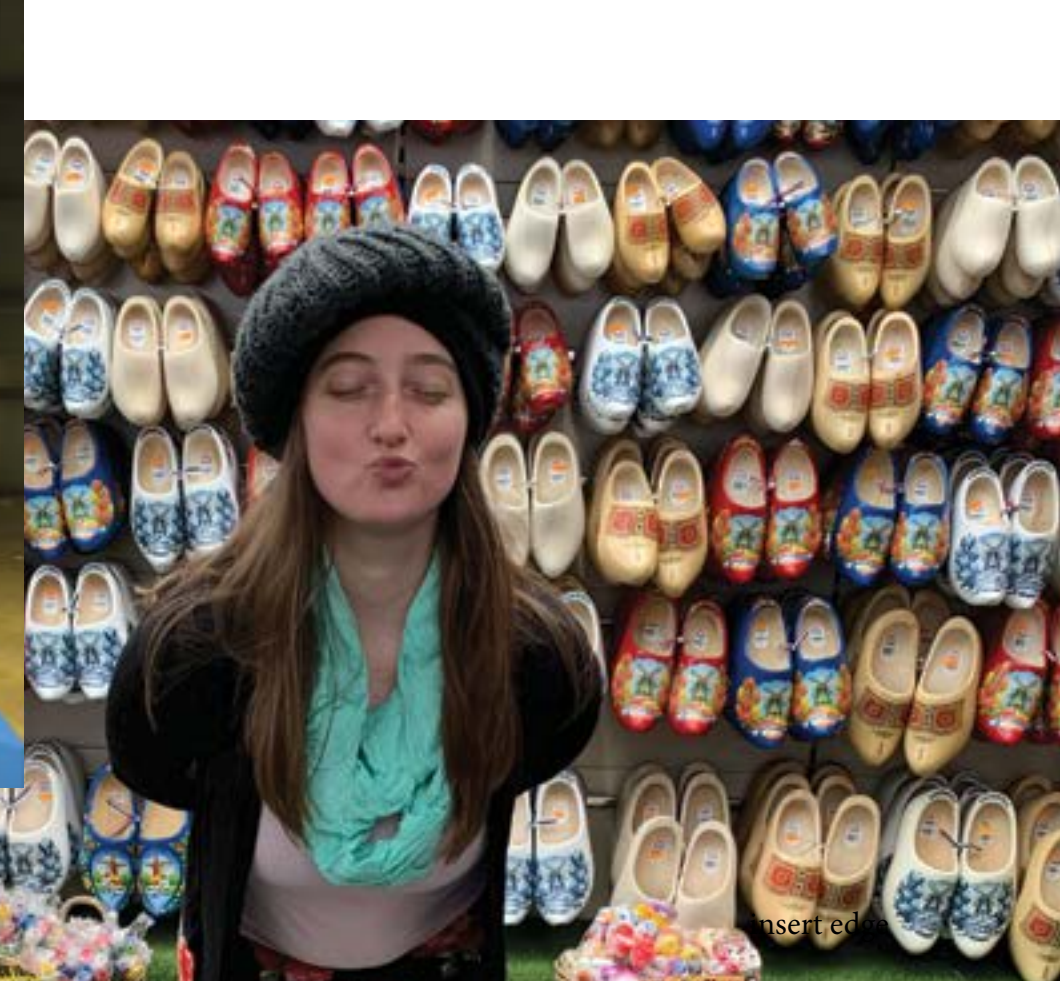

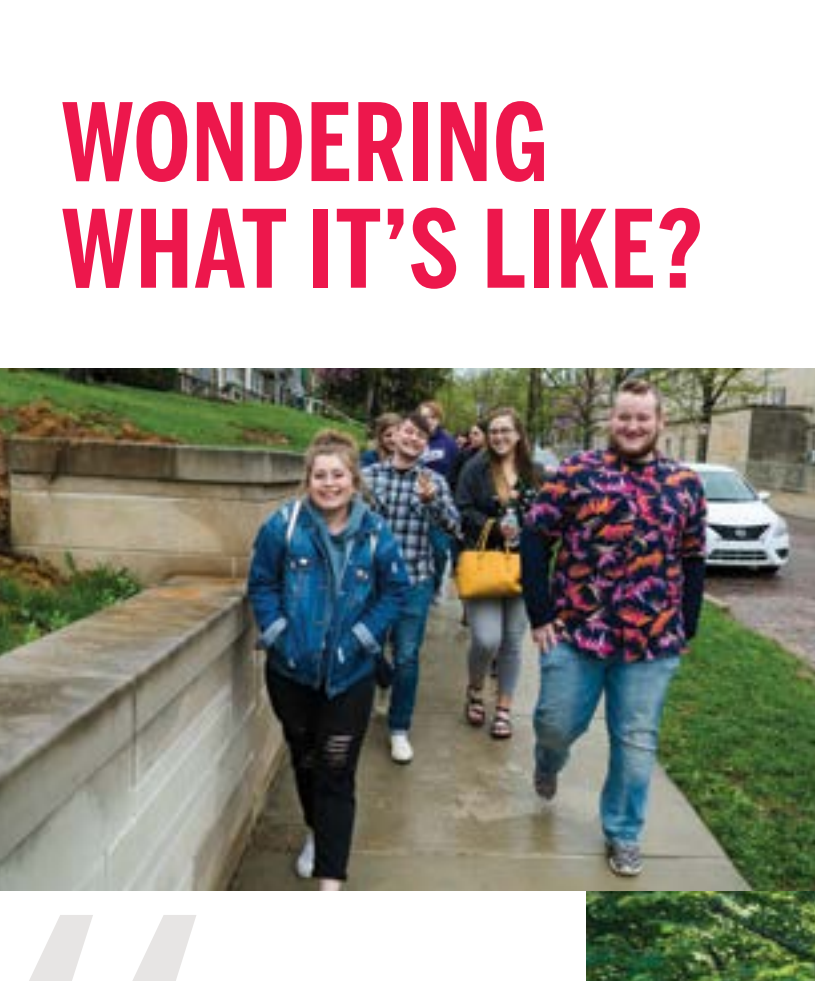

College is your time to try new things. On campus, you'll never be at a loss when it's time to have a little fun and blow off steam between study sessions and classes.

CONNECT

You're more than just a number. Our small campus is a community built on opportunities to lead and grow with your peers.

KEY IS OUR CALLING CARD

+++ When you step onto our campus even for a minute, you'll see the shirts that read, "KEY." You might walk by the KEYpad and see students collaborating on projects or just having fun. And you'll hear about our KEY trips...a lot.

+++ The Kokomo Experience and You was created to send you out into the world: to see, do, and get a feel for your future. Trips are usually free and designed for you.

+++ Students have traveled to Disney World to study hospitality and tourism, visited a DEA office in Chicago to get an inside look at criminal justice careers, road tripped to Bradford Woods for a writing retreat, made art from nature, experienced team building on a ropes course, and so many more.

+++ KEY trips are fun, super informative, and more are added each and every semester!

AND WE THINK YOU'RE GOING TO LOVE IT, TOO.

+ Curated trips give you the opportunity to learn outside of the classroom and experience more.

+ While some trips are tied to specific classes, many are open to any student, no matter their course of study.

+ Most KEY trips are free for students.

+ Our KEY program extends past the trips to become a supportive network of faculty and staff who are cheering on your success.

+ Dive into the community by collaborating on projects together in our KEYpad—a space designed to enrich your KEY experience.

BLACK

The Black Student Center provides a place to belong, and offers programs conducive to the spiritual, academic, economic, and social aspects of wellness, to keep Black students actively involved in achieving success.

LGBTQ+

The LGBTQ+ Student Center offers a safe and welcoming learning environment that provides resources and support to help students successfully reach their educational goals. It is a place to socialize, build bridges and find support.

LATINO

Latinos Unidos: Hispanic Center's purpose is to enlighten and bring awareness to Latino culture on campus. It offers a place to express concerns, share ideas, and learn about Latino languages and cultures.

Find your people and build your community, at our Multicultural Center!

We celebrate the **culture and heritage** of our diverse student population here, with educational programming and fun activities, including music, holiday commemorations, food, and, new this year, a **Social Justice Speaker Series**, to address pressing issues in diversity, equity, and inclusion.

support + THRIVE

At IU Kokomo, we pride ourselves on being a **community of care** — both in the classroom and in life.

+ Academic & Professional Resources:

Mentors and tutors are easy to find on campus. Stop by the writing center or the math commons and get the boost you need to excel.

+ Career Services:

Nail your resume, level up your interview etiquette, and power up your salary negotiations with help from career pros.

+ Accessibility Center:

Staff are available to help eligible students develop individualized plans to ensure access and promote success.

+ Cougar Closet:

Preparing for a successful internship or job interview can be stressful enough without having to worry about what you will wear. We collect gently worn professional clothes and make them available to students at no charge.

+ Cougar Cupboard:

It may be a running joke that college students live on mac 'n cheese, but the truth is sometimes things get tight. You can find some help (and something other than mac 'n cheese) in the Cougar Cupboard, where there are non-perishable food items, hygiene products and school supplies.

+ Resource Navigator:

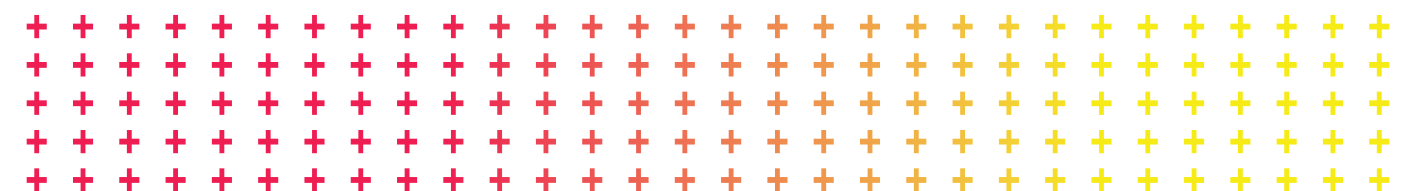

Adulting can be hard and you might hit a bump in the road along the way. We're here to connect you with resources to help you stay focused.

+ Counseling and Psychological Services:

You're not in this alone. Our licensed counselors are here for you, with free appointments available in person or virtually.

+ Success Coaches:

The path to success looks different for everyone. Navigate and plan yours with someone dedicated to helping you reach your wildest dreams.

Creating learning spaces to help students explore and discover their potential is a **tradition** at IU Kokomo. Whether it's our state-of-the-art **food and nutrition lab**, a **nursing simulation center** that gives the next-best experience to a hospital, our **Cole Fitness Center** where you can work out with friends, or the **observatory** to see the stars and planets up close, you will have the **hands-on experiences** to prepare you for your future.

The Student Activities and Events Center (opposite) opened in fall 2020. Not only can students go cheer on their favorite teams there, but they'll also participate in research presentations and job fairs, and attend concerts and presentations by speakers.

The greenhouse, (above right) built in 2020, provides space for teaching and research in genetics, ecology, and sustainability year round, and may also be used to grow food for the campus food pantry, or for nutrition or hospitality and tourism classes to use.
