**INDIANA UNIVERSITY
EXTENSION DIVISION**

Administrative and Instructional Staff

WILLIAM LOWE BRYAN, Ph.D., LL.D., L.H.D., President of Indiana University.

FRANK E. ALLEN, A.M., Superintendent of South Bend Schools.

PURLEY C. EMMONS, A.M., Superintendent of Mishawaka Schools.

ROBERT E. CAVANAUGH, A.M., Director of the Extension Division of Indiana University.

WALTON S. BITTNER, A.M., Associate Director of the Extension Division.

GALEN B. SARGENT, A.B., Assistant to Superintendent of South Bend Schools.

LAURA ALEXANDER, A.B., Secretary, Bureau of Class Instruction in the Extension Division.

ROY A. BROMAN, A.M., Extension Lecturer in Mathematics.

FLOYD H. DEEN, M.S., Instructor in English in the Extension Division.

MERRILL T. EATON, Ed.D., Assistant Professor of Education.

(Mrs.) EDNA HATFIELD EDMONDSON, Ph.D., Assistant Professor of Sociology in the Extension Division.

MAURICE M. FELGER, Ph.D., Instructor in Chemistry in the Extension Division.

(Mrs.) GLADYS DYKES FRITH, Ph.D., M.D., Extension Lecturer in Psychology.

MARCELLA HARTMAN, A.B., Extension Lecturer in French.

(Mrs.) LILLIAN S. HOLDEMAN, M.D., Extension Lecturer in Hygiene.

DONALD KELLER, A.M., Extension Lecturer in Geography.

ROBERT S. MCELHINNEY, A.M., Extension Lecturer in Education.

HERRIOTT C. PALMER, A.M., Extension Lecturer in History.

(Mrs.) BESS SONDEL, Ph.B., Extension Lecturer in English.

WILSON D. THORNTON, B.S., Extension Lecturer in Mathematics.

EARL C. WEBB, B.S., Extension Lecturer in Engineering Drawing for Purdue University.

Calendar

Second Semester, 1936-37

February 1, Monday Classes Begin
May 17-22 Examinations in two-hour courses
May 24-29 Examinations in two-and-one-half,
three, and five-hour courses

Popular Lecture Course

CONTEMPORARY DRAMA, SERIES II

The course is a combination of lectures and discussions (for persons who wish interesting glimpses of dramatic literature) and class study (for those who need a comprehensive survey of modern drama). After each lecture there will be informal discussion. All lectures will be given by Mrs. Bess Sondel of the University of Chicago. Thursday, 8-9 p.m. Room 101, Central Senior High School, beginning February 4. Fee \$3 for the series, payable in advance. Credit students will have class sessions following the lectures and six additional meetings, 8-9:45. Two hours' credit. Fee \$10. (See course description page 11.)

- February 4. George Bernard Shaw, a great reactionary.
February 11. The Irish Theater: Yeats, Synge, O'Casey, and others.
February 18. World War Plays: Sheriff, Anderson and Stallings, Lenormand, Chlumberg.
February 25. Eugene O'Neill, The Man and his Works.
March 4. Eugene O'Neill, continued.
March 11. The Evolution of the Problem Play.
March 18. The Contemporary Significance of the Problem Play: Jesse Lynch Williams, George Kelly, Clyde Fitch, Philip Barry, Sidney Howard.
March 25. "Pirandellismo"—Pragmatism dramatized by a Playwright of Genius.
April 1. Current Plays.
April 8. The Way in which the Theater is Going.

Drama will be discussed in terms of thought movements, international in scope. Naturalism—the backbone of present day drama—will be shown to be directly correlated with late nineteenth century thought. The reactionary tendencies following naturalism will be shown to reflect coincident transitions in dominant social currents. Bibliography of the plays to be analyzed in open discussion will be provided in advance.

South Bend-Mishawaka Extension Center of Indiana University

University Extension is an instrument for carrying to the general public the privileges of a university. The South Bend-Mishawaka Center has been organized for young people who wish to carry on Freshman and Sophomore work, and for mature people who wish to make good use of their leisure time. A few courses of graduate level will be offered.

The Office of the South Bend Center is in the Administration Building of the South Bend Public Schools, 228 South St. Joseph Street. Office hours are 8:30 to 11:30 a.m. and 1 to 5 p.m.; Saturdays, 8:30 a.m. to 12 m. Phone 3-4171.

Enrollment. Students may register at the Extension Office any time after January 15. After the second meeting students are admitted to classes only upon the approval of the instructor and upon payment of \$1 for late registration. An extra fee of \$1 is charged for deferred payments. Registration is not complete until fees are paid.

Classes Begin Monday, February 1, each class meeting on the day for which it is scheduled.

Classes Will Meet at Central Senior High School, St. James Court, between Washington and Colfax Avenues and at the Madison School, 832 North Lafayette Boulevard (east entrance). Engineering Drawing at Riley High School. See Schedule of Classes.

Mid-year High School Graduates. The following Freshman courses are open to new students:

English Composition 101a	Engineering Drawing PM-12
English Literature 102b	Algebra 102
American History 105b, t	Trigonometry 103
European History 101b	Public Speaking 160b
Economic Geography 109b	Principles of Sociology 101b
Elementary Hygiene 101	

General Information

Classes are Open to any adult who can pursue the work with profit. University credit, however, is granted only to those who comply with the University entrance conditions. The Division is always ready to certify any work successfully completed.

Credentials. The student carrying University extension work for credit assumes the responsibility for having met the entrance requirements of Indiana University. It is not necessary to present high school credentials at the time of enrollment unless the student is carrying seven hours or more. In that case he should present credentials at the office, whereupon he will be given a ruling on his admission.

Candidates for advanced degrees must present credentials showing all college or university work before entering classes.

Entrance Requirements. See University Catalog.

Consultation on programs of work is offered by the Faculty representatives in the office at all reasonable times.

Registrations are received only in the offices of the Center, where students may fill out the proper blanks, pay their fees, and receive cards admitting them to classes. *Class attendance without formal registration at the desk does not constitute enrollment.*

The Maximum Load that may be taken by a student is fifteen hours per semester, the equivalent of full-time University work. *Persons employed full time are not encouraged to take more than two courses at a time.*

Students working for teachers' licenses who are employed in any full-time position may not take more than five hours' work in any one semester.

Requirements for Graduation. For complete requirements for graduation, see University Catalog.

Payment of Fees. All students should enroll during the first week of the semester; those registering after the second meeting of a class are required to pay an additional fee of \$1. Students registering on the way to the second meeting will not be fined, but those registering *after* the class will be required to pay the extra fee. Payment in full is due with registration.

Deferred Fees. Extra fee for deferred payments is \$1.

Rates. A full program of fifteen hours such as would be taken on the campus costs \$75 a semester, or \$150 for the year. Fees are based on the amount of work taken, each subject costing \$5 a credit hour. The fee for graduate students is \$6 a credit hour.

Extra Fee for Late Registration. See above.

An Examination Fee of \$1 is charged students who take examinations at other than the regular times.

Refunds. Limited refunds in proportion to the elapsed fraction of the first ten weeks of the semester, dating from the time of *written applications*, are allowed. No refunds after the tenth week. If students withdraw from classes, they are required to pay all fees due up to the time of *written notification* of withdrawal.

Class Attendance must be regular. Credit may not be given to any student who has not attended three-fourths of the class meetings unless arrangements can be made with the instructor for making up the work of the lost meetings.

Visiting Classes. Students may visit classes the first meeting if uncertain about enrollment. After the first week visitors must secure a card at the desk. Popular lecture courses must be paid for in advance.

Classes are **Withdrawn** in case the registration is deemed insufficient to warrant offering them.

University Credit is given to each student upon the satisfactory completion of a course, provided the student has met all prerequisites, including the entrance requirements of the University. The requirements are given in the University Catalog. Grade cards are sent to students at the end of the semester.

Grades. The grades stand approximately for per cents as follows: A, 95-100; B, 85-94; C, 75-84; D, 65-74; E, conditioned; F, failed. *Students must notify the office immediately upon withdrawal from a class, otherwise the record will be marked "failed."* See University Catalog for "credit points."

Instructors are regular members of the Faculty of Indiana University or specially qualified business and professional men who have been formally approved as Extension lecturers by the University.

Textbooks are sold at the Extension Division office. Students should purchase them immediately after the first meeting of a class. In order to avoid delay in securing texts after the original supply is exhausted, students should leave individual orders. Such orders are filled by telegraph during the first week.

A Circulating Library, consisting of books owned by the Extension Division and on deposit from the Public Library, is available to students. These books may be borrowed for a period of one week only. For library hours consult bulletin board.

One-half of the Regular Four-Year University Course, or sixty hours, may be completed in the Extension Division. Freshman and Sophomore work or all of the Two-Year Elective Course may be completed at an extension center provided the center offers the subjects which the student wants.

The Senior Year. Candidates for the degree of Bachelor of Arts must do the thirty hours of the work of the Senior year in residence at this University. Mature students of Senior standing who have established a satisfactory record through two years' work in residence may, however, upon written approval of the Head or Chairman of the department in which they are doing their major work and with the consent of the Dean of the College of Arts and Sciences, continue their work through the Extension Division or in a foreign university.

Attendance at Other Colleges. No student carrying full-time work at any other college is permitted to enroll in an Extension class without written approval of his Dean.

Purdue University Accepts for credit on engineering curricula certain courses offered in extension centers. Purdue gives a course in Engineering Drawing.

Correspondence Courses, offered by the University, may be carried to supplement class work. Interested persons will be given the announcement of Correspondence Courses.

High School Courses by University Extension. Mature students who have not completed their high school education may do so through the University Extension Division courses given by mail. For further information address Indiana University Extension Division at Bloomington.

Pre-Medical Work

Three years, or ninety-four semester hours, of collegiate work are now required of all students for matriculation in the Indiana University School of Medicine. Approximately two years of this work, including required subjects, may be done in the Extension Center. See the Bulletin of the Medical School for important further information regarding admission.

Quantitative Requirements. The transcript must show:

	<i>Semester Hours</i>
Zoölogy	8
Physics	8
Chemistry (6 hours Organic)	16
English Composition	6
Modern Language	10
Psychology	3
Embryology	3
Groups IV and V	12
Elective (22) to make total of	94

Pre-Dental Work

Pre-dental requirements include the following:

Chemistry (4 hours Organic)	12
English Composition	6
Zoölogy	6
Physics	6
Electives (30 hours)	30
To make a total of	60 hours

Pre-Business Work

The first two years of the course in the School of Business Administration may be carried in extension.

Pre-Law Work

Students intending to enter the Indiana University School of Law will be admitted with as much as sixty hours of extension credit if the student completes his work for an A.B. or a B.S. degree. A student may not enter the Law School without an academic degree unless he takes a prescribed curriculum in residence. A student expecting to enter Law School with less than four years of college work must do all of his work in residence.

Two-Year Elective Course

Two-Year Elective Course

For students who expect to attend college only one or two years and who desire a general education providing for a degree of culture and a certain adaptation to present-day life, the University has designed the Two-Year Elective Course. This course allows the student to pursue the studies in which he is especially interested, and frees him from all required subjects leading to degrees. A certificate is issued at the end of the two-year course.

Any student who elects the two-year course may continue his education along either broader or more specialized lines in one or the other of the colleges and may secure the A.B. or B.S. degree by completing the requirements of the four-year course.

Extension Classes Offered by Purdue University

The Engineering Extension Department of Purdue University will offer Extension classes in South Bend, in cooperation with the Extension Division of Indiana University during the school year of 1936-37.

Engineering Drawing PM-11, first semester; Engineering Drawing PM-12, second semester. 2 credit hours per semester. Fee \$10 per semester plus text and supplies.

These courses are the same as offered on the campus and will be offered by an instructor employed by Purdue University.

Students who desire to study engineering at Purdue University later should enroll in engineering drawing offered by Purdue University and in chemistry, mathematics, English, modern language or history offered by Indiana University. Following this cooperative plan a student may complete practically one year's work toward a degree in any of the Engineering courses offered by Purdue University.

Enrollment in the Purdue courses will be made at the offices of Indiana University Extension Division in South Bend.

See Schedule of Classes.

Description of Courses

The following descriptions cover courses which carry credit toward a degree. The credit courses are practically identical with those offered in residence at the University. A student who receives credit for an extension course is not permitted to take the same or similar course in residence and receive credit for both.

The letter E, which appears with each course number, indicates merely that the course is offered by the Extension Division. The letters a and b indicate which semester of the year's work is being announced if the course is one which is given throughout the University year.

Course numbers were changed some time ago by the addition of prefixes "1" and "2," the more elementary courses being in the one hundreds and the more advanced in the two hundreds.

Courses marked with an asterisk (*) are available for graduate credit.

Classes carrying two hours of credit meet sixteen weeks; all others meet seventeen weeks.

"Graduate credit" means credit earned *after graduation* from a four-year university course, and intended for application toward an advanced university degree. This term should not be confused with the simple term "credit," which is used throughout the bulletin to mean credit *toward graduation* with the A.B. or B.S. degree. The fee for courses taken for "graduate credit" is \$6 per credit hour; the fee for other courses is \$5 per credit hour. Numbers in parentheses indicate the amount of University credit in semester hours.

CHEMISTRY

E101b. Inorganic Chemistry. Monday, Wednesday, and Friday, 3:45-6 p.m. Room 206, Central High School. \$25. (5) Mr. FELGER.

Three hours' lecture and four hours' laboratory work each week. Continuation of Course 101a. Advanced theoretical work, as the theory of ionization and equilibrium, is considered. The remainder is confined to the description of the non-metals and their compounds, and alkali metals.

EDUCATION

E211. Advanced Educational Psychology. Tuesday, 7-9:15 p.m. Room 120, Central High School. \$15. (3) Mr. McELHINNEY.

Required for all high school teaching licenses and on the nursing education curricula. Students should have twenty-seven or more hours of University work, including Elementary Psychology 101, Education 111, or the equivalent of either of them, before taking this course.

E404. History of Education in the U. S. Tuesday, 4-6:15 p.m. Room 120, Central High School. \$15. (3) Mr. McELHINNEY.

The growth of educational theory and practice in the United States as it is related to the social, economic, political, and cultural development of the nation.

Graduate Education Courses

All graduate students in Education should consult the Bulletin of the School of Education as to general regulations, options for degrees, and possibilities of satisfying administrative license requirements while satisfying the requirements for either A.M. or M.S. degree.

Students working for teachers' or administrative licenses or for advanced degrees who are employed in any full-time position may not take more than five hours' work in any one semester.

*E516. Mental Development. Saturday, 8-10 a.m. Room 103, Central High School. \$15. (2½) Mr. EATON.

The aim of this course will be to study the mental development of the individual from the genetic point of view, tracing this development from birth to maturity and determining at each stage those factors which facilitate normal, healthy mental development, stressing the fact that the organism functions as a whole.

*E518. Experimental Psychology Applied to Learning. Saturday, 10-12 a.m. Room 103, Central High School. \$15. (2½) Mr. EATON.

The aims of this course are, first, to study and evaluate the contributions of recent psychological experiments to the understanding of the learning process; second, to show how these findings may be applied to make learning more efficient and economical; third, to determine some of the more important problems concerning learning that should be carefully and thoroughly investigated; fourth, to acquire experience in the methods and technique of conducting experimental investigations in the field of learning.

ENGINEERING

PM-12 (Purdue). Engineering Drawing. Tuesday and Thursday, 3:45-6:45 p.m. Room 218, Riley High School. \$10. (2) Mr. WEBB.

A continuation of PM-11. Open also to new students.

ENGLISH

The examination for exemption from English Composition will be held on Saturday, January 30, at 9 a.m., School Administration Building, 228 S. St. Joseph Street. The examination is optional.

E101a. English Composition. Monday, 4-5:45 p.m. Room 119, Central High School. \$10. (2) Mr. DEEN.

Beginners' course, planned to give a mastery of fundamentals. Includes the study of grammar, punctuation, spelling, paragraphing, and the writing of a theme a week.

E101b. English Composition. Section 1, Tuesday, 7-8:45 p.m. Room 122, Central High School. Section 2, Wednesday, 8:30-10:15 a.m. Room 211, Madison School. \$10. (2) Mr. DEEN.

A study of the rhetorical principles of the sentence; plans and outlines for themes—the logic of construction; expository writing; reading and class discussion of an autobiography and a book of expository selections; writing an autobiography and one theme a week except while the autobiography is being prepared.

E102b. Freshman English Literature. Wednesday, 1-3:15 p.m. Room 211, Madison School. \$15. (3) Mr. DEEN.

A study of poetry and prose fiction: Epic, mediaeval romance, ballads, lyrics, narrative poetry—including *Beowulf*, *Sir Gawayne and the Grene Knight*, sixteenth- and seventeenth-century lyrics, Scott's *Lay of the Last Minstrel*, nineteenth-century romantic poetry (Wordsworth, Keats, Shelley, Browning, Tennyson), as well as some contemporary poetry. Two novels will be read and discussed, as well as some short stories. Open to new students.

E160b. Public Speaking. Thursday, 6-7:45 p.m. Room 101, Central High School. \$10. (2) Mrs. SONDEL.

Preparation and delivery of various types of speeches. Helps the student to overcome self-consciousness and embarrassment, and develops his ability to express himself effectively before both large and small audiences. Emphasis is placed upon the correction of faulty speech habits and upon the training of the voice, as well as upon the organization of material and the psychological factors involved in getting and holding attention. A continuation of the first semester's work in 160a; open also to beginning students in speech.

*E237b. Victorian Literature. Tuesday, 4-6:15 p.m. Room 321, Central High School. \$15 or \$18. (3) Mr. DEEN.

Special emphasis will be placed on the poetry and philosophy of Robert Browning. This will be supplemented by a study of the poetry of Rossetti, Morris, Swinburne; the prose of Carlyle; and two Victorian novels.

*E251b. Twentieth-Century Drama. Thursday, 8-9:45 p.m. Room 101, Central High School. \$10 or \$12. (2) Mrs. SONDEL.

A continuation of 251a with special emphasis upon twentieth century playwrights. Shaw will be shown to be the great reactionary against the deterministic outlook of the late nineteenth century. Detailed consideration will be given the works of Eugene O'Neill and Luigi Pirandello. Other dramatists to be discussed include Barrie, Yeats, Synge, O'Casey, Kelley, Barry, Rice, and others.

Given also as a non-credit course. See page 2.

FRENCH

E101b. Elementary French. Tuesday and Thursday, 4-6 p.m. Room 119, Central High School. \$25. (5) Miss HARTMAN.

A continuation of the first semester's work in 101a. Open to students who have had one year's work in French in high school or one semester's work in the University.

GEOGRAPHY

E109b. Economic Geography. Tuesday and Thursday, 4-6 p.m. Room 318, Central High School. \$25. (5) Mr. KELLER.

The second half of the year's work in University Geography. It is required of those preparing to teach high school commercial subjects. Ten hours of the science required for graduation may be met by completing Geography 109a and 109b. Scope: the great commercial products and industries are studied with reference to the place of production and reasons therefor; geographic influences affecting transportation and marketing; great resources such as water power, fertile lands, and favorable climate and their effects on commerce; the more important geographic conditions in each of the major countries of the world.

HISTORY

E101b. Mediaeval and Modern European History. Wednesday, 4-6:15 p.m. Room 121, Central High School. \$15. (3) Miss PALMER.

General course, covering the period from the Protestant Revolt to the World War. Required for a high school license in history and the social sciences.

E105b or t. American History. Tuesday, 7-9:15 p.m. Room 121, Central High School. \$15. (3) Miss PALMER.

Study of social and economic developments of the last decade before the Civil War, of the final struggles over slavery, of Reconstruction, problems and political developments of the transition period from 1876 to the present. Students desiring credit on teachers' licenses should enroll under the number 105t. Such students will be given special work in Indiana history. When taken as 105t, the course carries only two and one-half hours' credit toward an A.B. degree in history.

***E232b. Recent American History.** Wednesday, 7-8:45 p.m. Room 121, Central High School. \$10 or \$12. (2) Miss PALMER.

A study of the recent movements and issues in American History, from the Spanish-American War to the present time—domestic and foreign policies. A continuation of course E232a. Open also to new students.

HYGIENE

E101. Elementary Hygiene. Wednesday, 4-5 p.m. Room 119, Central High School. \$5. (1) Mrs. HOLDEMAN.

A study of various fields of hygiene. Present health trends; medical practices; infectious diseases; personal hygiene; the importance of a knowledge of hygienic rules. Required of all students in either the Freshman or Sophomore year.

MATHEMATICS

E102. College Algebra. Wednesday, 7-9 p.m. Room 122, Central High School. \$12.50. (2½) Mr. FELGER.

The regular Freshman course in algebra. Open to students who have had high school algebra and geometry.

E103. Trigonometry. Thursday, 7-9 p.m. Room 122, Central High School. \$12.50. (2½) Mr. THORNTON.

The regular Freshman course in trigonometry. Open to students who have had high school algebra and geometry.

E106. Analytic Geometry. Tuesday and Thursday, 7-9 p.m. Room 119, Central High School. \$25. (5) Mr. BROMAN.

The course is open to students who have had University algebra and trigonometry. Required of engineers at Purdue.

NURSING EDUCATION

The education committee of the State Nurses' Association recommends that nurses having access to the classes in the South Bend Extension Center take the regular academic courses available and applicable on the nursing education curricula. These include Applied Psychology, English Composition, Principles of Sociology, Advanced Educational Psychology, Mental Hygiene, and others. Descriptions of the courses will be found in this bulletin.

PSYCHOLOGY

E101. Elementary Psychology. Tuesday, 7-9:15 p.m. Room 118, Central High School. \$15. (3) Mrs. FRITH.

Survey of the fundamentals of human nature. Elemental brain structure; original instinctive endowments; steps in mental growth. Special attention to the practical problems of everyday life; economy in memorizing; concentration of attention; effective reasoning; regulation of the emotions. Completed in one semester. Required of Business and Medical students.

E141. Applied Psychology. Monday, 7-9:15 p.m. Room 122, Central High School. \$15. (3) Mrs. FRITH.

A second course in psychology in which the psychological study of special problems is discussed. Principal topics will be psychology and social problems, psychology and law, psychology and medicine, psychology in industry, psychology and art. The course is designed to follow its prerequisite, Psychology 101. With this and Psychology 104 it fulfills the ten-hour science requirement of the College of Arts and Sciences. Applied Psychology may be taken without prerequisite by those not desiring University credit.

***E261. Mental Hygiene.** Monday, 4-6:15 p.m. Room 122, Central High School. \$15 or \$18. (3) Mrs. FRITH.

Mental disturbances as they occur in mental breakdown of the normal subject; minor and major mental disorders such as the psycho-

neuroses and insanities, feeble-mindedness, repression, complexes, regression; mental hygiene of human efficiency. Five hours of psychology is a prerequisite, but workers in the fields of medicine and social service who have had a standard elementary course may be admitted upon approval of the instructor.

SOCIOLOGY

E101b. Principles of Sociology. Monday, 7:30-9:45 p.m. Room 121, Central High School. \$15. (3) Mrs. EDMONDSON.

This course includes a study of the following topics: social evolution; the role of geographic influences, population, race, psychological traits, culture in social organization; certain selected social forms and structures—the family, the state, property, ethics, religion; social control; aims and progress of society.

South Bend-Mishawaka Center

CLASS SCHEDULE BY DAYS

Second Semester, 1936-37

Monday

3:45- 6:00	General Chemistry <i>b</i>	Room 206, Central H.S.
4:00- 5:45	English Composition <i>a</i>	Room 119, Central H.S.
4:00- 6:15	Mental Hygiene	Room 122, Central H.S.
7:00- 9:15	Applied Psychology	Room 122, Central H.S.
7:30- 9:45	Principles of Sociology	Room 121, Central H.S.

Tuesday

3:45- 6:45	Engineering Drawing (Purdue)	Room 218, Riley H.S.
4:00- 6:00	Elementary French <i>b</i>	Room 119, Central H.S.
4:00- 6:00	Economic Geography <i>b</i>	Room 318, Central H.S.
4:00- 6:15	History of Education	Room 120, Central H.S.
4:00- 6:15	Victorian Literature <i>b</i>	Room 321, Central H.S.
7:00- 8:45	English Composition <i>b</i>	Room 122, Central H.S.
7:00- 9:15	Advanced Educational Psychology	Room 120, Central H.S.
7:00- 9:15	American History <i>b, t</i>	Room 121, Central H.S.
7:00- 9:00	Analytic Geometry	Room 119, Central H.S.
7:00- 9:15	Elementary Psychology	Room 118, Central H.S.

Wednesday

8:30-10:15	English Composition <i>b</i>	Room 211, Madison School
1:00- 3:15	English Literature <i>b</i>	Room 211, Madison School
3:45- 6:00	General Chemistry <i>b</i>	Room 206, Central H.S.
4:00- 6:15	Mediaeval and Mod. European History <i>b</i>	Room 121, Central H.S.
4:00- 5:00	Elementary Hygiene	Room 119, Central H.S.
7:00- 8:45	Recent American History <i>b</i>	Room 121, Central H.S.
7:00- 9:00	College Algebra	Room 122, Central H.S.

Thursday

3:45- 6:45	Engineering Drawing (Purdue)	Room 218, Riley H.S.
4:00- 6:00	Elementary French <i>b</i>	Room 119, Central H.S.
4:00- 6:00	Economic Geography <i>b</i>	Room 318, Central H.S.
6:00- 7:45	Public Speaking <i>b</i>	Room 101, Central H.S.
7:00- 9:00	Trigonometry	Room 122, Central H.S.
7:00- 9:00	Analytic Geometry	Room 119, Central H.S.
8:00- 9:45	Twentieth-Century Drama <i>b</i>	Room 101, Central H.S.

Friday

3:45- 6:00	General Chemistry <i>b</i>	Room 206, Central H.S.
------------	----------------------------------	------------------------

Saturday

8:00-10:00	Mental Development	Room 108, Central H.S.
10:00-12:00	Experimental Psychology Applied to Learning	Room 108, Central H.S.

Indiana University Extension Division

South Bend-Mishawaka Center

Schedule of Classes Beginning Monday, February 1, 1937

SUBJECT	CR.	DAY	HOOR	FEE	ROOM	PLACE
