Faculty Memo No. 13  
Second Semester, 1966-67

DATE. April 28, 1967

You will remember the questionnaire received from Dean Sutton some months ago which surveyed faculty opinion concerning the registration and recognition of student organizations. The results are now in and from Dr. David R. Derge, Associate Dean of the Faculties, we have recently learned that the 50-page report, "Freedom, Responsibility, and Student Organizations," is available to any interested faculty member if such members will write the Office of the Dean of the Faculties requesting a copy.

For those with a strong statistical bent, the detailed tables from which this report is drawn are on reserve in the Documents Room of the University Library in Bloomington. A copy may also be read in the Office of the Dean of the Faculties.
