**Digital Library Brown Bag**

Greetings! Please join us this coming Wednesday, March 28, 2012 for a digital library brown bag panel discussion led by Professor Jason Jackson, Folklore and Ethnomusicology with Jennifer Laherty and Jim Halliday for IUScholarWorks. The panel discussion will be held at the Herman B Wells Library, room E174, from 12:00pm-1:00pm.

Panelists include:

- Elizabeth Boling (School of Education - Instructional Systems Technology department) and PhD candidates: Craig Stewart and Rod Myers for International Journal of Designs for Learning
- Wayne Storey (College of Arts and Sciences - French and Italian department) for Textual Cultures: Texts, Contexts, Interpretation
- Sarah Phillips (College of Arts and Sciences - Anthropology department) for Anthropology of East Europe Review
- Marieke Van Puymbroeck (School of Health, Physical Education, and Recreation - Recreation, Park, and Tourism Studies Department) and PhD candidates Lauren Duffy, Jasmine Townsend, and Wei Wang for Illuminare: A Student Journal in Recreation, Parks, and Tourism Studies

The IUScholarWorks Journal Service is an open access publishing option for IU scholars who desire local control over their journals. Editors from four IUScholarWorks journals will discuss their experiences working with IUScholarWorks to host their publications focusing on:

- Editorial workflow support
- Software training
- Design customization
- Technical processes
- Peer Review processes
- Migrating backfile content
- Publishing formats: pdf, xml, html, flash
- Copyright consultation

The editors will comment on how the software program, Open Journal Systems, support their needs as publishers, and share their view on the open access business model. They will also provide feedback from their authors and readers.

Jennifer Laherty, Head of IUScholarWorks and Jim Halliday, Digital Library Programmer for IUScholarWorks will give a brief update of services and the software upgrade completed in late 2011.

IUScholarWorks is supported by the IU Libraries and the IU Digital Library Program, a collaborative effort of the IU Libraries and University Information Technology Services.

Presentation slides and audio will be available via the Connect Meeting Service (formerly known as "Breeze"). Go to <http://breeze.iu.edu/diglib> to view and listen to the presentation. If you are not a registered user for Connect Meeting/Breeze, select the "Enter as a Guest" option.

The Digital Library Brown Bag series is held most Wednesdays this spring semester. All presentations are in the Herman B Wells Library, room E174, from 12:00pm-1:00 pm unless otherwise noted. The complete schedule, including abstracts, is available on the Digital Library Program web site: <http://www.dlib.indiana.edu/education/brownbags/>.

To receive a reminder and an abstract of each presentation, send an email [tolistserv@indiana.edu](mailto:tolistserv@indiana.edu) with the message body:

### **Metadata Discussion Group**

The next meeting of the Metadata Discussion Group will be on Tuesday, April 3rd. Please note the changes in time and location below. Library staff, SLIS faculty and students, and those on campus interested in the topic are welcome to attend.

Our exploration of user-contributed metadata culminates in a viewing of the recorded OCLC webinar, Social Metadata for Libraries, Archives, and Museums, originally broadcast on March 9, 2012. As the recording is one hour and fifteen minutes, this meeting will be extended by an extra half hour.

Bring your beverages; popcorn will be provided.

Date: Tuesday, April 3

Time: 9:30pm-11:00pm

Location: Wells Library E174

Topic: User-contributed metadata redux: a group viewing the OCLC Social Metadata for LAMs webinar recording

A resource to consult: Social Metadata for LAMs Facebook

page: <http://www.facebook.com/Social.Metadata.for.LAMs> (no login necessary)
