### **Staff News**

#### **Promotion!**

Please join me in congratulating John Sherman on his promotion from ALF Cataloging Support Assistant to ALF Cataloging Support Specialist. John will also be leaving his half-time position in circulation at the Business/SPEA Library to work full-time in the Serials Cataloging Unit. His first full day will be Monday June 2nd. We are very pleased to have him aboard.

#### **Resignation**

Carlton Stokes has accepted a new position as a software developer at Volkswagen Credit in Libertyville, Illinois.

Carlton has served as Programmer/Analyst in the Technical Services Department since February 18, 2002. His last day on the job is Friday, May 30.

Carlton began his library career in 1996 when he was hired as the half-time Assistant to the Slavic Bibliographer, a position he held for two years. He also worked for a year as a student employee in the former Information Online Cataloging Management (IOCM) Department before accepting a fulltime staff position as a Serials Control Coordinator in 1998. In 2000, Carlton was hired as the Cataloging/Acquisitions Specialist for Slavic, African and Central Eurasian Languages in the Area Studies Section, Cataloging Division.

During the past twelve years, Carlton has realized numerous achievements, particularly in the area of programming and the writing of scripts. Thanks to his accomplishments, the Technical Services Department has been able to realize improved work processes and increased productivity through the use of automation. In 2005, Carlton received the Libraries Professional/Administrative Staff Award in recognition of his many substantial contributions to the Libraries.

Although we are disappointed to lose him, we celebrate Carlton's new position and wish him all the best in his future career.
