Deans Council Minutes

October 23, 2008

Present: Wellington, Swails, Hughey, Sciame-Giesecke, Sarratore, Bever, Wallace, Dibie

Visitors: Sehr, Stroman, Hakes

Advising Restructuring: Clerical support for advising centers was discussed. We need to determine where these centers are to be located as it will have a significant impact on clerical support. Vice Chancellor Sarratore will take a tour of the potential sites, will prepare a draft director job description, and will prepare a draft timeline all for the next meeting.

Sarratore reminded the deans that reappointments and P&T cases are due in the VCAA's office by November 1.

The group discussed the uncertain budgetary climate facing IU Kokomo for the spring semester as well as the next academic year. Sarratore asked the deans to review their course schedules and move some non-priority courses to reserve status for next semester.
