Total Transfer General Education Core:	30 credits minimum

Please NOTE: The Statewide General Education Core requires a minimum of 3 credits in each of these six areas. IU Kokomo has additional general education requirements above the 30 credits in the Statewide General Education Core.

The Statewide Transfer General Education Core does not add to, subtract from, or change any requirements for a major. Students need to work closely with an advisor to determine what relationship, if any, exists between requirements for general education and requirements for a specific major. This is a most important issue and should be carefully noted.
