

Curriculum Committee Minutes 2/8/01

Present: Peggy, Lora, David, Vandana, Alisa

Absent: TJ, Mary Anne

1) Computer Literacy

Tom Osgood chaired Technology Taskforce—we'll meet with him

- Would design course to fit all criteria but taskforce ended before they could establish
- He feels A110 hasn't depth enough—too broad
- Bulletin does allow for other computer courses
- Students with little computer experience must take G100 in the first 12 hours
- Discussed Revisions to Peggy's Draft recommendations
- A110s aren't consistent—need to be OR develop a comprehensive 3 hour computer literacy course

2) Bulletin

- Peggy has made changes we discussed—to #9, #12
- She drafted a Waiver form, too (minor changes)—she'll send to AAA

3) Course Activation

- Spanish 102—will be forwarding to Senate
- French 101/102—some clarification needed—Alisa will speak to Laura Dennis-Bay
- WOST H 260—concern for who will teach this class—who the adjunct is, etc.—Alisa will speak to Laverne Nishihara about it

Sincerely submitted,
Alisa
