**Grievance Committee**

**Standing Committee Report to the School of Education Policy Council**

**Academic Year 20122-2012**

**Respectfully Submitted April 20, 2012**

**By Barbara Dennis, Chair**

To date, we did not have one case move through formal grievance procedures. There were 2 cases that were successfully resolved through mediation without the need for a grievance hearing. Both cases involved Graduate Student AIs and panels were formed, faculty advisors were assigned and then the hearings were not necessary. This is noted because last year, the bulk of the cases also involved AIs.

The Committee did not conduct any other business separate from their readiness to conduct hearings.
