### **3. INTERLIBRARY LOAN/DOCUMENT DELIVERY SERVICES ON BLOOMINGTON CAMPUS RELOCATING!!**

Beginning July 7 the entire ILL/DDS unit (both borrowing and lending) of the Access Services Department will be brought together in the one geographic area in the Department's lower level. The borrowing unit will switch places with the billing and computer supports units currently located in the lower level. This will provide a logical and efficient arrangement for these service units.

The Circulation staff will field many ILL/DDS routine questions and page ILL/DDS staff as needed. And, as always, users can consult with the staff in person. This change further develops the consolidation of the interlibrary loan operations and enhances use of our resources -- an outstanding staff, limited equipment, and a large research collection.

--Harold A. Shaffer, Head, Access Services
