Recent migration work on the Wright American Fiction project (<http://dlib.indiana.edu/collections/wright/>) at the Indiana University Libraries allowed us the opportunity to transform previously encoded texts into TEI P5 documents following a common core of encoding guidelines and electronic text publishing strategies originally derived as part of rapid parallel web development for three other electronic text projects: Victorian Women Writers Project, Brevier Legislative Reports, and Indiana Authors and Their Books. This allowed for an improved user experience while minimizing the time and resources needed to create a customized delivery website for the Wright texts.

Rebecca Baumann Accepts Education and Outreach Librarian Position

Rebecca Baumann has accepted the position of Education and Outreach Librarian at the Lilly Library. In addition to her Master of Library Science degree from Indiana University, Bloomington, Rebecca has a Bachelor of Arts degree in English Literature from the University of Oklahoma and a Master of Arts degree in the same field from IUB.

Rebecca is currently a PhD candidate in English Literature at IUB. Her dissertation combines her interests in late 19th- and early 20th-century British and American literature, genre fiction (horror, science fiction, fantasy), and publication history. Rebecca is currently employed as a Reference Associate at the Lilly Library where she has taught class sessions on a wide variety of topics, from Arabic manuscripts to Zombies. She has also curated a number of exhibitions, including the very successful "Spiritualists, Sorcerers, and Stage Magicians: Magic and the Supernatural at the Lilly Library," co-curated with L. Anne Delgado, which closed in August 2014.

We are very happy to have Rebecca take on a new role in the Lilly Library and look forward to great new developments in teaching and outreach at the Lilly Library. Please join me in welcoming Rebecca to her new position!
