The South Bend-Mishawaka Center

The Office of the University Center is in Room 220 of the South Bend Central High School. When classes are in progress, the Office is open from 9 a.m. to 4:30 p.m., and 6:30 to 8:30 p.m., Monday through Thursday; Friday hours will be from 9 a.m. to 4:30 p.m. Special hours will be posted during vacations and the usual holidays will be observed. Hours during which enrollments may be made are indicated below.

Enrollment Hours and Registration Information

During the enrollment week, January 31-February 5, enrollments may be made only during the following hours: Monday through Thursday, 12 m. to 4 p.m. and 6 to 8 p.m.; Friday, 12 m. to 4 p.m.; Saturday, 9 a.m. to 12 m. Starting February 7, late enrollments may be made only during the regularly scheduled afternoon and evening hours. Beginning February 7, a late enrollment fee of \$3 will be charged for all credit enrollments. No enrollment is official until all required forms have been completed, fees provided for, and appropriate clearance of the student's admission status has been secured.

After an initial enrollment no change in schedule may be made during the enrollment period and no application for change will be acted upon until the Friday of the first week of classes.

Counseling

All students who plan to matriculate on the Bloomington campus are required to meet with the Academic Counselor for the regular orientation tests and academic counseling which are given to all students of Indiana University. The orientation tests are scheduled to be given:

1954	1955
December 8, 7-9:30 p.m.	February 23, 7-9:30 p.m.
	April 5, 9-11:30 a.m.
	May 25, 7-9:30 p.m.

Students planning to take the tests should notify the Office of the Academic Counselor prior to the date of testing.

During regularly scheduled enrollment periods Academic Counselors are available Monday through Thursday, 10 a.m. to 4 p.m., and 6 to 8 p.m.; Friday, 10 a.m. to 4 p.m.; and Saturday, 9 a.m. to 12 m.

During the semester Academic Counselors are available Monday through Thursday, 2:30 to 4 p.m. In the evenings, the Counselors will be available from 6:30 to 8 p.m. on dates posted in the Office. Appointments with the Academic Counselors may be made by phoning CE 3-1137. During vacations, they will be available during the hours as posted and at other times by appointment.

Smoking Regulations

Many of the classes of the University Center are held in the Central High School Building. Therefore, the state law must be observed which prohibits smoking in public school buildings at any time and prohibits smoking about the building during the day. It is the policy of the University Center to give full co-operation to the enforcement of this regulation. The registration of any student who refuses such co-operation may be canceled with forfeiture of credit and with no fee refund.

Social Activities

Students are invited to assist in the publication of the quarterly *IU Center News*. They are able to gain experience in writing, business management, and newspaper editorship by participation in this activity. Samuel E. Brown is the faculty sponsor.

The Alliance Française de South Bend is the local chapter of an international federation of societies for the study of the French language and culture. University Center students and other interested persons are offered the opportunity to hear French and to practice speaking it. The Alliance meets six times yearly, the first Wednesday of each month, from October to April, except December. Membership dues are \$2.

Library

Books may be borrowed from the University Center Library for one week and may be renewed once. Reserve books may be used only in the Library. The Library (Room 217) is open Monday through Friday, from 9 a.m. to 8:30 p.m., with usual holidays observed.

The South Bend Public Library and its branches and the Mishawaka Public Library have many books available for the use of students of the University Center. Staff members of these libraries will be glad to assist in selecting books and otherwise serving students. Students from Bourbon, Elkhart, Goshen, La Porte, Michigan City, New Carlisle, Niles, and Plymouth will find similar services available in their communities.

The name of any student failing to return library books or failing to pay fines or failing to pay for extraordinary damage to library books will be added to the University check list until satisfactory settlement is made.

Included in the University Center Library is the Turner Society Collection, which consists of approximately five hundred German language books. These books were given to the University Center by the Turner Hall Society of South Bend and include works of the classic German authors, translations of American authors, lexicons, and miscellaneous items.

Bookstore

Textbooks and other supplies are sold in the Office of the University Center. The Bookstore does not buy or sell used books; however, students wanting to buy or sell used books may post notices on the bulletin board in the Office of the University Center.

Texts and supplies should be purchased at the time of enrollment. Surplus books are returned to the publishers at the end of the third week of classes.

Scholarships

A limited number of service scholarships are available each semester at the University Center. These scholarships are awarded to graduates of the South Bend and Mishawaka high schools on the basis of recommendations of the principals and counselors. Scholarship students are asked to assist a limited number of hours each week in the University Center Library. Students interested in obtaining a scholarship are invited to consult the Academic Counselor of the University Center or their high school officials.

General Information

Admissions. Classes may be taken by adults who can pursue the work with profit; however, credit toward a degree is granted only to those who comply with University entrance requirements. Students who plan to work for a degree at Indiana University must file their high school credentials and applications for admission with the Office of Records and Admissions, Indiana University, Bloomington, Indiana. Application blanks are available in the Office of the Academic Counselor at the Center. The Office of Records and Admissions will issue an admission certificate valid in the Center; this certificate will also be needed later for enrollment on the Bloomington campus.

Graduation from a commissioned high school in Indiana, or its equivalent, fulfills the minimum entrance requirements at Indiana University. All freshman students are required to take the orientation tests (see Calendar); students who rank in the lower half of their graduating class are required to receive special counseling from the Academic Counselor in connection with admission. Those who have graduated from high schools out of the state, those who may have had irregularities in their high school work, and those who wish evaluation of previous college or military credit should submit their credentials to the Admissions Director, Indiana University, Bloomington, Indiana.

Enrollment in courses does not constitute admission to Indiana University.

Students who are working for a degree at any institution other than Indiana University and students who are not working for a degree will file an application for admission as special students at the time of enrollment at the Center. No student carrying full-time work at any other college is permitted to enroll at the Center without written approval of his dean.

All students enrolled at the Center are classified as (1) auditors (including noncredit students); (2) regular students; (3) special students; or (4) graduate students. Students are required to clear their admission status within the first ten cumulative hours of credit.

Registration and Enrollment. Enrollments should be completed during the designated enrollment period. In all instances, the official enrollment period terminates not later than the end of the first week of classes. Late enrollments must be approved by both the Academic Counselor and the instructors involved. All enrollments and all changes in enrollment (including changes in credit status, both credit to noncredit and noncredit to credit) are prohibited after the third week of classes in the regular semester and after the second week during the summer session, unless approved by the Academic Policies Committee. This committee will grant such approval sparingly and only to students who show that they are both able and willing to make up the work missed and to complete the course in a desirable manner. These requirements do not apply to auditors unless they change to a credit status. *Students are expected to attend the first meeting of classes, and when classes must be limited in size, priority will be given to students with completed enrollments. All changes in program must be approved by the Academic Counselor.*

A late enrollment fee of \$3 will be charged those credit students who enroll after the dates indicated.

From twelve to sixteen hours constitute a normal full-time semester load, and six to eight hours for summer sessions. Permission to carry extra hours may be granted to students whose cumulative academic average is B or higher. Five to six hours a semester and two to three hours for summer sessions are the recommended maximum for students who are employed full time, because experience has shown that students who enroll for more than this maximum usually do not have time for adequate preparation without endangering their health or their grade status.

A maximum of sixty semester hours of credit toward graduation from Indiana University may be taken at the Center whenever appropriate courses are available. Students who expect to complete their training at another institution should ascertain the admission requirements of that school in order to receive full credit for work done at the Center.

Payment of Fees. Fees are based on the amount of work taken. The rate for undergraduates courses is \$10 a semester hour. All graduate courses are \$15 a semester hour. A \$5 laboratory fee in addition is charged those taking science laboratory courses, and other special fees are sometimes charged.

All fees are payable in full at the time of enrollment. In special cases a deferred fee plan may be arranged, with the permission of the Center Director, for students whose fees amount to more than \$30. When fees are deferred, the minimum deposit due at the time of enrollment is either \$30 or four tenths of the total fee, whichever is the larger amount. All fees must be paid by the end of the sixth week of classes. Where deferred fees are permitted, a charge of \$1 is made, payable at the time of enrollment.

An examination fee of \$1 is charged students who take examinations at other than regular times.

Refunds. Limited refunds determined by the elapsed fraction of the five weeks following the first week of the semester, dated from the time of the written application for withdrawal, are allowed. No refunds will be made for withdrawal for which application is made after the sixth week of a regular semester or the third week of the summer session. Students who withdraw are required to pay all fees due at the time of written application, based on the above formula.

No refunds will be made for noncredit enrollments, popular lecture courses, certain courses which are permitted to carry with low or limited enrollment, or laboratory fees.

Grade Code. The quality of a student's work will be indicated by the following grades: A, B, C, D, F (failed), W (withdrawn), WF (withdrawn, failing or unauthorized withdrawal), and I (incomplete).

Students who receive the mark of F (failed) must repeat the work before they receive credit for it.

The grade of Incomplete may be given only when the completed portion of a student's work in the course is of passing quality. A student must remove an Incomplete within two semesters of subsequent residence in the University. *For purposes of these regulations the period between the end of one regular academic year and the beginning of the succeeding academic year shall be considered the equivalent of a regular semester, if the student*

is enrolled during this period. If the student fails to remove the Incomplete grade during this period, the Incomplete will be changed to F. A student may not enroll for credit in a course in which he has a grade of Incomplete.

Withdrawals approved by the Academic Counselor of the Center during the first four weeks of a semester or during the first two weeks of a summer session are arbitrarily marked W by the instructor. Withdrawals approved by the Academic Counselor after the first four weeks of a semester or after the first two weeks of summer session are marked W or WF by the instructor, according to whether the student is passing or failing in the work of the course at the time of withdrawal. After four weeks in the semester or after two weeks in the summer session, the student shall be required to show the Academic Counselor adequate reasons for withdrawal. Students who discontinue class attendance without following the official withdrawal procedure shall receive grades of WF. Where nonattendance occurs late in the semester, however, a grade of Incomplete may be given if the instructor has reason to believe that the cause of absence was beyond the control of the student.

Once filed in the Registrar's Office, no grade may be changed except upon request of the instructor with the approval of the Academic Policies Committee of the Center and with the consent of the Dean of the Division of Adult Education and Public Services.

Indiana University has no class-cut system. Illness is usually the only acceptable excuse for absence from class. Other absences must be explained to the satisfaction of the instructor, who will decide whether or not omitted work may be made up. Instructors are to report promptly to the Academic Counselor the names of any students whose attendance is irregular.

Probations. Students who earn less than two thirds but one third or more as many credit points as total hours enrolled are placed on probation and notified by form letter; raising of the cumulative scholastic average to a grade of C removes the student from the probation list. Students who earn less than one third as many credit points as total hours enrolled are placed on critical scholarship. All students who have previously been placed on probation and who have not in the following semester removed themselves from that list by an average grade of C or better are also placed on the critical list. Raising of the cumulative scholastic average to C or better in the semester subsequent to being placed on the critical list removes the student from that list. Students who in the semester subsequent to being placed on the critical list fail to remove themselves from that list are then classified as "out" students. They are thereby denied permission to take further work for credit within the Division of Adult Education and Public Services except on a nondegree basis with the approval of the Academic Policies Committee. The above policy is generally not applied until the student has accumulated twelve credit hours.

Transcripts. Credits earned at the Center are regular Indiana University credits, and official and permanent grade records are kept in the Office of Records and Admissions at Bloomington. Official transcripts are issued only from that Office. Students who desire to transfer credits to another institution should write to the Registrar, Indiana University, Bloomington, Indiana. One transcript is issued free of charge; thereafter the charge is \$1 a transcript. Students changing from the Center to the Bloomington campus do not need a formal transfer because their credits are already on record

there; however, such students should arrange with the Academic Counselor as early as possible for forwarding their records to the appropriate School on the Bloomington campus.

Junior English Proficiency. All students in the College of Arts and Sciences, the School of Music, and the Language Arts section of the School of Education will be required to pass a Proficiency Examination in English Composition in their junior year, after they have completed the required six hours of composition by class credit or exemption. Those whose English is unsatisfactory by this test must enroll in English W106 (noncredit) and continue in it until they are able to pass the proficiency examination. This examination will be given in the Center once each semester and once in the summer session; arrangements to take it should be made with the Academic Counselor.

Foreign Language Requirements. A language placement test must be taken by all students who intend to continue a language begun before entrance to the University. On the basis of this test, the appropriate language department at Bloomington will recommend the level of work proper for the student. The student continuing a language from high school will be given full credit only for work begun at the level recommended by the department and beyond. If the transfer student repeats the work done at another college, the transferred credit will be canceled.

A student beginning Latin, German, French, or Spanish must take at least one year in that language, and receive credit for ten hours in it, before the work can in any way be counted toward graduation. Eighteen semester hours of satisfactory study in one language (unless exempted) is required of all candidates for the A.B. degree; moreover, such study is generally either required or accepted for other degrees and for admission to professional schools. Students are advised to take two years in the same language during successive semesters whenever possible. The attention of students contemplating graduate work is called to the fact that French and German are the two modern foreign languages required for the Ph.D. degree by most graduate schools.

Graduate Study. A limited number of courses listed in this *Bulletin* may be applied toward a graduate degree, provided the students (1) have been formally admitted for graduate study, and (2) take courses formally approved by the appropriate dean or department head. Graduate study is offered through the Graduate School; the School of Education; and the School of Health, Physical Education, and Recreation. Admissions to all of these Schools are always cleared with the appropriate dean. Study programs for the Graduate School must be approved by the chairman of the department in which the study is being pursued; study programs for the School of Education and for the School of Health, Physical Education, and Recreation must be approved by the deans of these Schools. *When a student enrolls for graduate credit without such approval, he does so without assurance that credit for such work may be applied toward fulfilling requirements for an advanced degree.*

Educational Benefits for Veterans. Public Law 550 provides education and training assistance to veterans of the Korean conflict who were in the

service subsequent to June 27, 1950. To qualify for educational benefits, the following requirements must be met: a discharge under conditions other than dishonorable; at least ninety days' total service unless discharged sooner for a service-connected disability; the educational program must be initiated by August 20, 1954, or within three years after release from active duty. Public Law 894 provides for disabled veterans of the Korean conflict. Because of certain restrictions concerning change of courses, veterans of the Korean conflict should consult the Academic Counselor before applying for a certificate of eligibility.

Veterans of World War II who have maintained their eligibility may enroll and receive benefits under the provisions of Public Law 346 and Public Law 16; those who were enrolled during the previous semester must complete re-entrance papers.

Qualified students from other Centers or from the Bloomington campus should present transfer slips. All others have to submit certificates of eligibility. Further information can be obtained from the local Office of Veterans Affairs or from Center officials.

Note: the above is an interpretation of Veterans Administration policies and procedures as of September 1, 1954.

Speakers' Bureau. Indiana University's Division of Adult Education and Public Services, of which the Center is an operational unit, maintains a Speakers' Bureau through which speakers on most topics may be obtained. The faculty members of the Center are a part of this Bureau and are available to the community upon sufficient notice.

Correspondence Courses. Classwork may be supplemented by correspondence courses offered by the Division of Adult Education and Public Services of Indiana University. Instruction is provided at both high school and college levels.

Bulletins describing correspondence study courses may be secured from the Office of the Center, or from the Bureau of Correspondence Study, Indiana University, Bloomington, Indiana. Full-time students must have approval of the Academic Counselor to enroll in correspondence study. Correspondence credits may be included in the maximum of sixty hours which may be completed at the Centers.

Adult Education

Noncredit courses

A primary purpose of the University Center is to offer educational opportunities to all adults who can profit therefrom. Whether high school graduates or not, adults may enroll in the regular University credit courses as auditors and in any of the noncredit courses listed on the following pages. These noncredit public lecture series and adult study courses are offered at special fee rates. The fees for such courses may not be deferred and are due at enrollment. **Single admissions and refunds are not available.** Enrollment in these courses has been made a relatively simple procedure. When necessary to limit the number of enrollees in a class, only those who have already completed their enrollment can be assured space in the class. If a course is canceled, a complete refund is available or the student may transfer to another course.

Many people fail to write and to speak English adequately because of limited language resources. The development of correct habits and of self-confidence in the use and pronunciation of words is tantamount to improving such resources. Cultivated speech and writing emanate less from the memorization of new words and phrases than from the study of the origins and uses of words, of synonyms and antonyms, and of aids in forming correct habits that inspire self-confidence.

This series of lectures is designed to be useful to the student having either rudimentary or complex vocabulary difficulties. Mrs. Sadie Kreilkamp will present these lectures on Tuesday evenings, from 7:30 to 9 p.m., in Room 216. Fee: \$3.

- February 8. How to Acquire a More Extensive Vocabulary Through the Use of the Dictionary
- February 15. Denotation and Connotation of Words, Synonyms and Antonyms, Specific and Concrete Words
- February 22. Foreign Words and Expressions in English
- March 1. Learning Words Through Knowledge of Greek and Latin Roots, Prefixes and Suffixes
- March 8. Principles Governing Vocabulary Building

Vocabulary Building

Series II

This adult education course is a continuation of Vocabulary Building, Series I. The principles stressed in Series I will be systematically applied through the use of selected readings. Again, efforts will be directed toward illustrating certain of the more normal aspects of the technique of vocabulary building which may be carried on in the reading activities of the student after the course terminates.

While it is advisable for the student to take Vocabulary Building, Series I, and then Series II, in sequence, there is no prerequisite for this course and the student having a fair vocabulary may enroll in the new series, out of sequence.

The class will be taught by Mrs. Sadie Kreilkamp on Tuesdays, beginning March 15, and continuing through March 22, 29, April 12, and 19. The class will be held in Room 216, from 7:30 to 9 p.m. Fee: \$3.

Your Child and His Speech Problems

An adult education course planned primarily for parents of speech-handicapped children. The course will consist of a series of four lectures dealing with topics such as (1) the development of speech, (2) delayed speech, (3) early nonfluencies, and (4) the role of parents in dealing with speech problems.

One hour each week will be devoted to a lecture by an authority in speech correction and one hour each week will be given to a question period and informal discussion.

- February 9. **How Your Child Learns to Talk**
Learning to speak is one of the hardest things the child has to do. It often gives rise to various emotional maladjustments and behavior problems. What can be done to help the child acquire normal speech patterns?
Thelma A. Knudson, Chairman, Speech Correction, South Bend Public Schools
- February 16. **Is Your Child Beginning to Stutter?**
Some specific things that we can do for the nonfluent child
Thelma A. Knudson
- February 23. **Parental Adjustment to Handicapped Children**
Unhappiness of handicapped children and their failure to develop educationally, socially, and vocationally is usually the result of a misunderstanding. This lecture will deal with parental understanding of handicapped children
Robert L. Milisen, Director of the Speech and Hearing Clinic, Indiana University
- March 2. **Film Forum and Demonstrations**
Summary and discussion
Thelma A. Knudson

The class will be held in Room 216 of Central High School on the above Wednesday evenings, from 7:30 to 9:30 p.m. Fee: \$2.

Cancer Control

In co-operation with the Cancer Society of St. Joseph County, the University Center presents this series of five lectures on the subject of Cancer Control. The series is for the layman.

- February 9. **How People Can Guard Against the Disease**
- February 16. **Present Research in Cancer**
- March 2. **Present Research in Cancer, continued**
- March 9. **What Is Being Done in St. Joseph County**
- March 16. **Panel Discussion of the Topic**

Physicians working in this field will present the lectures on the above Wednesday evenings, from 8 to 9:15 p.m., in Room 301 of the Central High School. Fee: \$2.

Indiana University Freshman Programs

From the courses offered this year in the University Center the following suggested programs are acceptable toward fulfillment of the requirements of the freshman year.

Full-time students should complete a total of thirty to thirty-two semester hours of credit during the freshman year. New students may enter at the beginning of any semester or summer session. All full-time students (twelve hours or more) must have their programs of study approved by the Academic Counselor before enrollment. Upon the completion of twelve semester hours of work, the part-time student is required to schedule an interview with the Academic Counselor in order to ascertain course requirements. See page 5 for the hours when the Academic Counselor is available. The programs listed below are intended only as general guides. The numbers in the column at the right indicate the semester hours of credit required.

General—Arts and Sciences (A.B. Degree)

Students uncertain as to the University program they wish to pursue should follow this outline during their freshman year. Students with a major interest in one of the following subjects will also take a liberal arts course as outlined: chemistry, English, fine arts, foreign languages, government, history, home economics, journalism, mathematics, psychology, sociology, social service.
