**Major/Program: Nursing MSN**

**Annual ASSESSMENT of the Major/Program**

**Fall 2020-Spring 2021**

**What are the student learning outcomes in the major/program**? When were they last revised?

Last revised 2017

1. Model excellence in nursing leadership to improve nursing practice within a complex health care system
2. Conduct advanced nursing practice within ethical–legal guidelines, professional policies and regulations, and standards of practice associated with a specialty area of practice.
3. Synthesize knowledge from nursing as well as biological, behavioral, social, administrative, educational, and communication sciences for application to a chosen domain of advanced practice nursing.
4. Demonstrate scholarly inquiry and reflection that exemplifies critical, creative, and systems thinking to advance the practice of nursing.
5. Frame problems, design interventions, specify outcomes, and measure achievement of outcomes while balancing human, fiscal, and material resources to achieve quality health outcomes.
6. Use information technology and knowledge-based resources to manage and transform data that inform clinical practice.
7. Systematically apply evidence from research findings to answer clinical questions, solve clinical problems, and develop innovative nursing interventions and health policies for selected patient populations.
8. Demonstrate collaborative practice and interpret nursing science within an interdisciplinary context.
9. Articulate the effects of culture, diversity, values, and globalization in the design, delivery, and evaluation of health
10. Engage in life-long learning activities that contribute to professional development as well as to the advancement of nursing.

**Which outcome(s)** did you assess this academic year?

1. Model excellence in nursing leadership to improve nursing practice within a complex health care system
2. Conduct advanced nursing practice within ethical–legal guidelines, professional policies and regulations, and standards of practice associated with a specialty area of practice.

**How did you assess** the learning outcomes this academic year?

1. End of program eDefense/ portfolio presentation, practicum evaluation tool, HESI Comprehensive Exit Examination (only assessed in the Fall semester due to the curriculum plan and design of the program).

Please **summarize the data** you have collected this academic year.

1. eDefense/ portfolio presentation- 100% (n=12) of students successful
2. practicum evaluation tool= 100% (n=12) of the students successful
3. HESI Comprehensive Exit Examination- 92%(n=12) of the students successful

| **Please describe any programmatic changes you have made or are planning to make based on the data you have collected (action steps).** |
| --- |
| New program developed in 2017. First cohort graduated in Fall 2019. This is the initial annual assessment report. Will develop and follow a curriculum alignment matrix to denote where concepts are introduced, developed, and mastery expected. Focus on mastery for demonstration of outcome achievement. |
| Please report on the progress of your **action steps** reported in 2019-2020. See http://www.iun.edu/campus-assessment/assessment-results/index.htm for your previous unit reports. |
