2300 South Washington Street  
Post Office Box 9003  
Kokomo, Indiana 46904-9003

Dear Ms. Shaw,

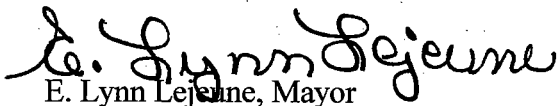

On behalf of the citizens of Eunice I would like to thank you for the Wal-Mart gift card. Our city has served as shelter for several thousand hurricane evacuees for over a month now. So many people have rallied to the cause in order to provide lodging, food and moral support for families who have lost so much – and in many cases, lost everything.

The support and well-wishes we have received from around the country has been humbling and heart-warming. Even though our region has been devastated and the emotional toll is heavy, we feel your prayers so strongly and they sustain us. Although you are not able to be here physically, you have touched us in such a special way by sending financial support.

Dr. Nunez and the LSUE family are serving the community in so many ways – from providing access to showers for local shelters to opening up their computer lab to allow hundreds of evacuees to register with FEMA. Also, many faculty members are hosting evacuees in their own homes. We are blessed to have the resources available through LSUE; resources that were quickly made available due to the strong and effective leadership of Chancellor Nunez.

May God richly bless you all, and please know that your gift will be used to quickly impact the lives of many evacuees who depend upon others for their most basic needs.

With Sincere Thanks and Gratitude,

  
E. Lynn Lejeune, Mayor
