

Admissions Committee 2021-22

Committee members:

Samantha Fouts (NURS), Diane Hampshire, chair (SSCI), Michelle Westervelt (HHS), Amy Smith (EDUC), Xiaoqiong Wang (BUS)

Dual Admissions agreement IU Southeast has with IVY Tech

The Admissions Committee met on 4/15/22 to discuss the dual admissions agreement that IU Southeast has launched with the IVY Tech in their area and the possibility for such an agreement on our campus. This program has fewer restrictions. Open to a broader population. Better scholarships. Less data tracking required since it's not grant funded but will have a better way to track the students by loading them into our system at the same time they get admitted to IU Kokomo.

Second-dismissal applications

For the 2021-2022 academic year, the committee received, reviewed, and made determinations on 5 petitions for re-admittance after being twice dismissed for academic reasons. Discussions and decisions were conducted by email. In several cases, the chair of the committee communicated with Admissions to gather more information before making our determination.

Service during the Summer

Service on this committee is necessary through the months of June and July. Faculty and staff who are on a 10-month contract are under no obligation to provide service through the months of June and July. Committee members have been given the option to be removed from the Admissions Committee emails during the summer.

Report respectfully submitted by Diane Hampshire, Chair.
