Staff News

After more 32 years with the IUB Libraries, Elizabeth Johnson has retired from her position as Head of Technical Services for the Lilly Library.

Submitted by: Jennifer Chaffin, Director of Human Resources, IUB

Library News and Events

Getting to Know Your Web Pages

Would you like to know more about the who, what, when, and where of how your web pages are used? Google Analytics can begin to answer these questions and help you better understand how users interact with your pages. Join DUX for a hands-on workshop covering the basics of Google Analytics to get you started looking at the data available about webpage usage. There will be time for questions and answers as well.

When: Wednesday, June 6, 1:00-2:30pm

Where: Wells Library, Information Commons Instruction Cluster #1

So that we can prepare enough handouts and working examples, please RSVP to Courtney Greene (crgreene@indiana.edu) by 8:00 am on Monday, June 4.

Submitted by: Courtney Greene, Head of the Digital User Experience, IUB

Submitted by: Scott Opasik, Head of Technical Services, Schurz Library, IUSB

Continuing Education Opportunity in Indianapolis

Save the date for this Continuing Education Opportunity:

When: June 12, 2012 - 9:00am - 4:00 pm

Where: **Marten House** - 801 West 86th Street -Indianapolis, IN 46260

What: Central Indiana Health Sciences Libraries Consortium (CIHSLC) is offering a low-cost continuing educational opportunity to all librarians in Indiana. The two programs are eligible for Medical Library Association CE credit AND State of Indiana LEU credits.

Registration is limited to the first 40 registrants. Price is \$20 for non-IHSLA and non-CIHSLC members and includes lunch.

4 CE/LEU Hours – Measuring Your Impact: Using Evaluation for Library Advocacy - Participants will become familiar with an evaluation process and will use and take away methods and tools for assessment, evaluation planning,

creating logic models, data collection and reporting. The workshop will feature a case-based scenario that moves participants through the steps of an evaluation process.

2 CE/TLEU Hours – Informatics for Librarians: Peeling the Onion - Clinical informatics is described as the “intersection of computer science, health sciences and information science.” The objective is to explore this intersection and ascertain the “front-facing” skills that librarians, a.k.a information scientists, bring to the field of clinical informatics and healthcare information technology.

Please visit our website - <http://cihslc.pbworks.com/w/page/4229306/FrontPage> - to register and for more information about the programs.
