

**ARTICULATION AGREEMENT**  
**between**  
**INDIANA UNIVERSITY KOKOMO**  
**and**  
**IVY TECH COMMUNITY COLLEGE**

**For the following programs:**

**EDUCATION (A.S.)**  
**to**  
**EARLY CHILDHOOD EDUCATION (B.S.)**

The purpose of this Articulation Agreement is to provide a framework (mechanism) for students at Ivy Tech Community College, who have completed an Associate of Science in Education, to continue their formal education. These students have indicated that Indiana University Kokomo (IU Kokomo) is their selection for continuing their education in order to complete the requirements of the Bachelor of Science in Early Childhood Education. Completion of remaining program and credit hour requirements at IU Kokomo will earn Ivy Tech Community College graduates this baccalaureate degree. At the same time, these graduates will qualify for an Initial Practitioner License in their designated area for Generalist: Early Childhood.

In the spirit of cooperation that will ensure smooth transition to the baccalaureate degree program, faculty and administrators of both institutions have developed the attached program listing of courses approved for transfer and have agreed to have a program-to-program articulation rather than a course-to-course transfer. This decision is an evolution of the prior course-to-course articulation agreements between education programs offered by the Regional Ivy Tech and IU Kokomo Division of Education. The entire approved program transfers from Ivy Tech to IU Kokomo.

**Principles upon which articulation is based**

1. The articulation initiatives are consistent with the Commission for Higher Education's State Policy on Associate Degree Programs Offered at Public Institutions in Indiana.
2. Relationships between Ivy Tech and Indiana University Kokomo faculty and administration have been and will continue to be in a spirit of cooperation that provides the basis for all articulation initiatives.
3. Graduates of Ivy Tech A.S. degree program in Education who are accepted into the IU Kokomo Division of Education and who will successfully meet all baccalaureate degree requirements will be awarded the Degree of Bachelor of Science in Early Childhood Education.

4. All Ivy Tech students applying for admission to Indiana University Kokomo must meet all standards of the IU Kokomo Division of Education.
5. Recognizing that changes in curricula and course content are inevitable, each institution agrees to discuss with the other institution all curriculum changes affecting this agreement before the changes are implemented.

### **Specifics of Articulated Programs**

#### *1. Associate of Science Degree in Education*

- a. Ivy Tech will offer an Associate of Science (A.S.) Degree in Education according to curriculum outlined in Exhibit I. This articulation pertains to the licensure areas of Generalist: Early Childhood. Any further discipline areas will be reviewed and appended as approved.
- b. The A.S. Degree is designed as a transfer degree for students wishing to complete a baccalaureate degree at IU Kokomo following completion of the A.S. Degree, and the degree consists entirely of course work transferable to IU Kokomo. Ivy Tech Community College graduates are eligible for admission with junior standing to the Division of Education at Indiana University Kokomo provided the following criteria are met:
  - 1) The student has a Letter of Intent on file.
  - 2) The student has earned a C or above in all classes.
  - 3) The student has a 2.5 or higher grade point average (4 point system).
  - 4) The student has taken and passed the PRAXIS I.
  - 5) The student submits the final approved Ivy Tech teaching portfolio.

#### *2. Curriculum and Program Articulation*

- a. In order to articulate the Ivy Tech Education A.S. degree program and the IU Kokomo B.S. degree program, all courses which are offered in the A.S. degree program must be the equivalent of specific courses which form the lower division course work for the B.S. degree. The program articulation is found in Exhibit 1.

#### *3. Course Transfer*

- a. Ivy Tech students who have not completed the Associate of Science degree program and who seek to transfer course credit which has been earned after the implementation of this agreement into the IU Kokomo Division of Education will have their transfer request evaluated on a course-by-course basis consistent with the policies, procedures, and practices of the Division of Education at Indiana University Kokomo.

- b. Any course taken prior to fall 2008 at Ivy Tech or any course taken at an institution other than Ivy Tech will be evaluated by faculty from IU Kokomo School of Education in order to determine transferability of the course work.
- c. All students transferring course credit from Ivy Tech to IU Kokomo, whether following completion of the A.S. degree or for individual courses, will do so via official transcripts.

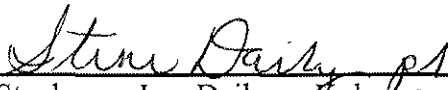

All parties to this agreement agree that a review of this document is a joint effort by Ivy Tech and IU Kokomo. This articulation document will be reviewed annually starting spring 2009. Further adjustment(s) to this agreement could be necessary after the re-evaluation. Should a decision be made to modify or dissolve this agreement, students who may already be attending IU Kokomo at that time and students with a letter of intent on file, and who meet all other criteria, will be permitted to continue as long as their academic performance remains in good standing. All parties to this agreement agree that each institution will inform the other of any institutional plans or changes that will have impact upon this articulation agreement prior to implementing these plans or changes. Furthermore, every effort will be made to assure the proposed changes do not threaten the viability of this articulation agreement.

The provisions of this agreement become effective fall semester 2008. While all parties understand its purpose is to maximize opportunities for individual students, they recognize that limits may be placed on courses accepted under provisions of this agreement should the student subsequently decide to change to a program other than covered by this agreement.
