Changes to the Tenure Clock by Schools

The UFC passed a resolution allowing for schools to request an extension of their tenure-probationary periods from the Board of Trustees provided that the school has followed applicable campus policy and demonstrated a compelling justification for the extension. Before such requests can be made to the Board, they must approved by the dean, the faculty of the school, the Provost or Chancellor, and the President. In addition, core schools require adoption and approvals by both campuses in which the core school resides.
